

LIPPINCOTT

1911

FLOWER SEEDS

MISS. C. H. LIPPINCOTT, HUDSON, WISCONSIN.

PLEASE READ FOLLOWING SUGGESTIONS CAREFULLY

FREE PREMIUM 30 CENTS' worth of seeds extra allowed on all orders for seeds amounting to ONE DOLLAR; 15 CENTS' worth on all orders amounting to 50 CENTS. This liberal premium is the same as 30 per cent. discount, but must be selected in seeds, and order for premium must accompany original order for seeds.

MAKE OUT A LIST OF FREE PACKET SEEDS, AND REMEMBER THAT ONLY SEEDS IN PACKAGES CAN BE SELECTED FREE—NOT BY THE OUNCE, ONE-FOURTH POUND, OR COLLECTIONS. NO FREE SEEDS WITH GRASS SEED, FERTILIZER, TOBACCO SOAP OR PLANTS.

BEAR IN MIND I cannot allow plants to be selected as premiums on seeds, neither can I allow premiums to be selected on plants or Rose orders: I am offering them at such an extremely low price to introduce them to my patrons, to add a premium is simply impossible. Plants and roses will be shipped as soon as weather will permit.

HOW TO REMIT MONEY Always send money by one of the following methods: POST-OFFICE ORDER, EXPRESS MONEY ORDER, REGISTERED LETTER, or BANK DRAFT, and if the order is lost or stolen, your money is safe. I ESPECIALLY REQUEST MY CUSTOMERS TO REMIT MONEY IN THIS WAY and I will allow you to select seeds to the cost of the Money Order, Registered Letter, or Draft, PROVIDING YOUR ORDER AMOUNTS TO 50 CENTS. Do not send postage stamps, unless you have no other way of remitting amount; and when you do, two-cent denomination preferred. If money is sent in any other way than specified above it is at the risk of the sender. As all banks now charge exchange, please add 10 cents extra to all personal checks. Positively NO Canadian postage stamps accepted.

ERRORS. While we exercise the utmost care in filling orders, always doing a little more than we promise, during the very busy season errors will sometimes occur, and when such is the case we should like to be notified at once and will make satisfactory corrections at once.

POSTPAID. All seeds sent postpaid and safe arrival GUARANTEED. All orders received to the amount of \$1.50 and upwards will be forwarded by REGISTERED MAIL to purchaser's address, which costs me 10 cents extra, but insures the safe arrival of your seeds. PLEASE SIGN YOUR NAME AND FULL ADDRESS ON EACH AND EVERY LETTER YOU SEND.

QUANTITY OF SEEDS IN A PACKET. Customers will please note I state number of seeds in a packet, which will enable those wishing to plant borders and beds of a certain length or size to calculate the number of packages required. FULL COUNT GUARANTEED. No less quantity than a package can be sold.

FLORAL CULTURE. Containing full cultural directions and points how to grow flowers from seeds, mailed free with every order.

Please be careful to sign your *name* and *full address* on each and every order you send.

Address all letters to

CARRIE H. LIPPINCOTT
HUDSON, WIS.

THE PIONEER SEEDWOMAN OF AMERICA.

Greeting

Hudson, Wis., Jan. 1st, 1911

IN sending my greeting to you for the season of 1911, I want to say: I wish it were possible for me to write a personal letter to all who have written me such pleasant and encouraging letters the past year. But that is impossible for I have received hundreds of them, and I thank you all for my mother, sister and myself, and I wish to assure you that all letters are carefully read and very much appreciated. I think you will be glad to know that our first year in the country has been a success and that you helped to make it such. I have noticed several letters where they ask if the picture is really mine and if I am the head of the business. I can only answer yes, and that every word in the catalogue is the plain, straight truth.

The intense drought covering almost the entire country has made last year a very hard one for growing, but we all hope for a successful, prosperous year to come.

Thanking you for all your good wishes and patronage in the past, and asking for a kindly reception and perusal of the 1911 catalogue, promising my best efforts in caring for the orders you entrust to me, I am,

Yours very sincerely,

CARRIE H. LIPPINCOTT.

ASTERS

Daybreak.

The plants grow stiffly erect, eighteen to twenty inches in height with ten to fifteen branches, each bearing a very large extremely double flower with incurved petals. The broad silvery petals are suffused with soft delicate pink. Per pkt., 100 seeds, 10 cts.

Queen of the Market.

Of graceful spreading habit, it is in full flower two weeks before most other Asters. Deep blue, white, pink, and rose in mixture. Per pkt., 100 seeds, 5 cts.

White Ostrich Plume.

Plants of strong branching growth, fifteen to eighteen inches in height. The large size of the flowers, the fine feathery appearance, long stiff stem, and early flowering habit combine to make it most desirable for decorations. Per pkt., 100 seeds, 10c.

Daybreak Aster

Cardinal.

The Best Bedding Aster Ever Introduced.

The coloring of this Aster is entirely distinct from any other Aster on the market today; in fact possesses a striking color of its own. This variety is particularly adapted for hedging, owing to its free blooming qualities and brilliant coloring. When massed in a bed, its deep vivid cardinal color is as striking as the brilliant scarlet Salvia. Cardinal begins blooming the first to middle of August, retaining its brilliant coloring and full, well-developed flowers until late in the fall. Per pkt., 100 seeds, 15 cts.

Early Snowdrift.

Is Certainly the Earliest Aster in Cultivation.

The leaves are narrow and sparse, and the branches spring from close to the ground. The entire energy of the plant seems given to the production of twelve to twenty long, slender, upright stems, crowned with immense feathery flowers. The long, recurved petals give the flowers an exceedingly graceful effect, heightened in many cases by the ragged, irregular character of the petals in the center of the flower. The flowers all come perfectly double. Per pkt., 100 seeds, 15 cts.

Royal Purple.

A new strain of Late Branching Aster, growing about fifteen inches high. Its habit of growth is entirely distinct, the stems growing directly from the ground, and not on side shoots from the main stem like other varieties. Nine out of twelve flowers are sufficiently large for cutting, either for house decoration or florists use. A medium early bloomer, continuing in flower until late in the fall; in fact it holds its blooms longer than any other variety we know of. The flowers are large and full to the center; petals fine and somewhat incurved; color bright purple. Per pkt., 100 seeds, 15 cts.

New Giant Comet Aster.

The plants of this new variety are perfectly true in character, growing twelve to fifteen inches high and covered with large double flowers, as shown in the illustration. The flowers measure from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, resembling in shape and artistically curved and twisted petals, the finest Chinese Chrysanthemums. Mixed colors.

Pkt., 150 seeds, 5 cts.

New Giant Comet Aster.

Giant Comet—Pure white.

Pkt., 100 seeds, 5 cts.

Giant Comet—Deep scarlet.

Pkt., 100 seeds, 5 cts.

Giant Comet—Light blue.

Pkt., 100 seeds, 5 cts.

Giant Comet—Pure lilac.

Pkt., 100 seeds, 5 cts.

Giant Comet—Pure pink.

Pkt., 100 seeds, 10 cts.

Harlequin Aster.

The striking Aster of great beauty, upright habits and a profuse bloomer. This new race produces odd flowers of the most handsome and attractive appearance, which continue in bloom a long time. In the gardens of Paris they are considered the most valuable of all varieties on account of their long duration in bloom and remarkably bright and conspicuous colors. Composed of pure white petals, quaintly interspersed in irregular manner, with deep blue and bright red petals.

Pkt., 150 seeds, 5 cts.

Hohenzollern Aster.

Austrian Feather type of Asters. Much larger than the Giant Comet, the petals longer and more curled and twisted, and produced in great abundance. Borne on long stems which make it very desirable for cut flowers. Mixed colors.

Pkt., 100 seeds, 5 cts.

The Cornflower Aster.

Stokesia Cyanus.

This is one of our most charming and beautiful native hardy plants. The plant grows from 18 to 24 inches high, bearing freely, from early July until frost, its handsome lavender-blue Centaurea-like blossoms, each measuring from 4 to 5 inches across. It is of the easiest culture, succeeding in any open sunny position, and is not only desirable as a single plant in the mixed hardy border but can be used with fine effect in masses or beds of any size.

Pkt., 100 seeds, 5 cts.

New Yellow Aster.

The form of the double flower is a perfect ball; the quills are close together and of the brightest sulphur yellow, not a mere indication of the color, as in all former productions. The border petals are broad and of a lighter tint, seeming to enclose the flower like an old-fashioned bouquet paper. The flowers are borne upon long, erect stems, excellent for cutting. Plants, twelve to fifteen inches high, are of compact, hardy growth, and most abundant bloomers.

Pkt., 150 seeds, 5 cts.

Aster. New Victoria.

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure four inches and over across, and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about eighteen inches high, and carry from twenty-five to forty flowers. Over twenty colors, mixed.

Pkt., 150 seeds, 5 cts.

Victoria—Snow white.

Victoria—Bright pink.

Victoria—Dark crimson.

Victoria—Lavender shade.

Pkt., 100 seeds, 5 cts.

Miss C. H. Lippincott,
Hudson, Wis.

Dear Madam:

As you know, I haven't bought a flower seed except from yourself for the last ten years, and would be much obliged to you if you yourself will take care to get me as good roots of Dahlias as you possibly can, as I intend

to make my yard as fine a flower garden as can possibly be done.

Sincerely yours,
Judge Hugo O. Hauff.
St. Paul, Minn.

Perfection Aster.

One of the most perfect and deservedly one of the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height, eighteen inches to two feet; nearly 30 distinct colors, mixed.

Pkt., 150 seeds, 5 cts.

Perfection—Snow white.

Pkt., 100 seeds, 5 cts.

Perfection—Pink Ball.

Pkt., 100 seeds, 5 cts.

Perfection—Crimson Ball.

Pkt., 100 seeds, 5 cts.

Perfection—Purple.

Pkt., 100 seeds, 5 cts.

Asters are of very easy culture. The seeds can be sown in May, in the open ground for bloom in September and October; for earlier bloom they should be sown in boxes in the house, in cold frames or hot beds, in March or April.

New White Branching Aster.

The magnificent, large, double, white flowers, quite four inches in diameter, are borne on long stems making them excellent for cutting. Pkt., 150 seeds, 5 cts.

Aster, Fire King

The most brilliant Aster ever introduced.

And the nearest approach to scarlet yet obtained; a color previously unknown in this popular flower, which, for an autumn show of flowers, few others equal. Habit very compact, not more than twelve inches in height, with large, beautifully incurved flowers, and makes a charming companion to "Snowball."

Pkt., 150 seeds, 5 cts.

Aster, Snowball.

A most distinct and handsome variety, equally valuable for pot culture and cut flowers.

It is the most profuse bloomer, a single plant often producing as many as twenty-five to thirty pure snow white flowers, globular in form and of extraordinary size.

Pkt., 150 seeds, 5 cts.

In preparing your Aster beds, work a few shovels full of hard wood ashes up in the soil; it is a splendid fertilizer and helps destroy the insects at the roots, which so often spoil a fine bed of Asters. Don't plant Asters in the same beds two or three years straight running; change the position.

**Try
Walker's
Excelsior
Plant Food**

**It is the best
25 and 50 cts.
per package**

Sample's Branching.

This is a magnificent new American strain, producing handsome double flowers on long stems. Mixed colors.

Pkt., 150 seeds, 5 cts.

Sample's Branching—Crimson	Pkt., 100 seeds, 5 cts.
Sample's Branching—Lavender	Pkt., 100 seeds, 5 cts.
Sample's Branching—Pink	Pkt., 100 seeds, 5 cts.
Sample's Branching—White	Pkt., 100 seeds, 5 cts.

Asters, Finest Mixed.

Of all varieties, such as Victoria, Perfection, Comet, Harlequin, etc. Pkt., 150 seeds, 5 cts.; oz., 75 cts.

NOTICE!—One packet each of the entire collection of Asters, 35 pkts., for \$1.60. This collection would cost you \$2.15, straight catalogue prices.

Ageratum, Imperial Dark Blue.

A plant that blooms continuously all summer in the garden and makes a pleasing contrast of color with more brilliant varieties. I offer seed of the new Imperial Dark Blue as the best and most showy.

Pkt., 300 seeds, 5 cts.

Ageratum, Dwarf White.

Very dwarf and compact; pure white.

Pkt., 300 seeds, 5 cts.

Arabis Alpina.

The pure white flowers grow so uniformly and thickly that it gives the effect of a sheet of snow. Plants perfectly hardy. The earliest, prettiest, spring flower. The spreading tufts are densely clothed with neat, lively green leaves and covered with pure white flowers of the most lovely effect, conspicuous at a great distance, especially in large masses on rockeries or broad edgings for park roads, having the advantage of braving the greatest drought during summer and always looking neat.

Pkt., 400 seeds, 5 cts.

Achillea.

Farmica—(Double White Yarrow.) One of the best hardy white perennials in the list. Grows about two feet high, and from spring till frost is covered with heads of pure white double flowers. A grand plant for cemetery decoration. Easily grown from seed, flowering the first season if sown early. Pkt., 300 seeds, 5c.

Abutilon.

Flowering Maple.

A very popular perennial shrub, with bell-shaped drooping flowers, well adapted to house culture, easily raised from seed, and if sown before April, under glass, plants will bloom the first season. For winter flowering, plant in September. Finest mixed.

Pkt., 30 seeds, 5 cts.

Acrolinium, Everlasting.

One of the most beautiful and valuable of the everlasting flowers, called by some "Pink Daisies"; very effective in borders during the blooming seasons, and possessing the additional advantage of being available for winter decoration, for which purpose it is now extensively grown. The densely double flowers are faultless, both in shape and color; the flowers are somewhat larger than the single, and from the seed I offer above 75 per cent will be double.

Pkt., 100 seeds, 5 cts.

Antirrhinum

Tom Thumb, Snapdragon.

Very dwarf, growing only eight inches high, thickly studded with beautiful spikes of gay colored flowers, orange, scarlet, rose-white, maroon, striped, etc.

Pkt., 500 seeds, 5 cts.

Antirrhinum

New Giant.

Flowers double the size of the older sorts, more closely act on the stems, and colors more clear and brilliant. Plants very compact and bushy, growing about 12 inches high. All colors, mixed.

Pkt., 400 seeds, 5 cts.

Antirrhinum

Queen of the North.

The finest and most beautiful of all the Snapdragons. The plants grow into handsome, regular bushes, 12 inches high, covered with large white flowers of a deliciously sweet perfume. Suitable for bedding or pot culture.

Pkt., 400 seeds, 5 cts.

**NOTICE.**

Asparagus is very slow to germinate, requiring from 60 to 90 days, but once started is a very rapid grower. Seed should be soaked in warm water before planting.

Asparagus Sprengeri

Highly praised everywhere; handsomest seen drooping from a pot or basket. Sprays four to six feet long, of fresh, green, feathery foliage; useful for bouquets, wreaths or sprays, remaining perfect for weeks after cutting. Grows freely the whole year round; extremely valuable for all purposes. Flowers white, followed by red berries.

Pkt., 15 seeds, 10 cts.

Asparagus Plumosus Nanus.

This graceful climbing Asparagus has foliage finer than that of the most delicate fern, and will last for weeks after being cut. It is an excellent house plant, succeeding under almost any condition.

Pkt., 10 seeds, 10 cts.

Watervill, Maine

Deer Miss Lippincott,

I wish to tell you that I had the handsomest Stocks and Petunias last year grown from seeds bought of you, that I ever saw. I ordered the same kind this year. Mrs. Silas Adams,

Crab's Eye Vine.*Abrus Precatorius*

A most beautiful climber, either for pot culture or the open ground in summer; bears clusters of bright yellow flowers, followed by bunches of pods, which, when dry, burst open, disclosing brilliant red seeds with black eyes, used for making beads and ornaments, for which purpose they are exceedingly pretty. Pkt., 15 seeds, 5 cts.

Iowa Falls, Ia., Feb. 23, 1910.

Dear Miss Lippincott:

I am sending my order for seeds. I want to tell you that I have used your seeds for many years and they have always given the best of satisfaction.

Yours respectfully,

Mrs. Walter Carpenter.

**Angel's Breath, or Gypsophila.**

An annual that should be in every garden, for it thrives everywhere, and furnishes the loveliest material for all kinds of bouquets. The tiny little flowers are borne in abundance on long, graceful, branching stems which lend a most graceful, light appearance to any bunch of flowers. Pkt., 300 seeds, 5 cts.

Aquilegia, or Columbine.

Very handsome, ornamental, hardy perennial plants of easy cultivation and bearing in profusion large flowers of novel shape and in a great variety of colors. Double mixed. Pkt., 300 seeds, 5 cts.

Ambrosia.

A hardy annual with long spiral stems, bearing an abundance of small, round greenish-yellow buds and blossoms which are exceedingly fragrant. It is as desirable as the Rose Geranium as a plant with fragrant foliage, and for making up into bouquets and other floral work. Its long, beautiful, fringed spirals of lovely green are unsurpassed. It is one of the easiest plants to grow, and seed may be sown early in open ground. Pkt., 400 seeds, 5 cts.

TRY
WALKER'S EXCELSIOR PLANT FOOD
It is the Best
25 and 50 cts. per package.

**Anchusa Capensis,
or
Cape Forget-Me-Not.**

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers, similar in all respects to the Forget-me-not, though the blossoms are much larger and of finer color. It is always taken for a beautiful, large-flowering Forget-me-not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all summer. Pkt., 200 seeds, 5 cts.

**Walker's Japanese
Flower Food**

Has no equal for improving Palms, Rubber Plants and Ferns, producing growth and renewing the green.

By mail, 25 cts. per package.

Alyssum, Little Gem.

The plants are very dwarf. Each spreads so as to completely cover a circular space twelve to twenty inches in diameter. They soon become one mass of white, remaining in full bloom from spring to fall—being densely studded with the beautiful miniature spikes of deliciously fragrant flowers.

Pkt., 300 seeds, 5 cts.; oz. 30 cts.

Alyssum, Saxatile Compactum

Showy golden yellow flowers, hardy perennials, blooms the first season; excellent for rock work.

Pkt., 200 seeds, 5 cts.

Alyssum, Sweet

Its pure white, fragrant flowers are produced from early spring until killed by frost; very useful in all kinds of bouquets.

Note—For a cemetery plant, nothing is more suitable than Sweet Alyssum—requiring but little care and attention and being a continuous bloomer throughout the summer.

Pkt., 300 seeds, 5 cts., oz., 25 cts.

Alyssum, Little Gem.

Bear in mind August and September are the best months for starting your Perennials and a few of them are always an addition to your garden.

Dear Miss Lippincott:

Have been giving you my patronage the past five or six years and am so pleased with the fair usage have always received that you seem like a dear, dear friend, everything turning out just as you represent and have told many others of the kindness you show to patrons in promptness and fidelity that I must say from my heart I think of you as I would a dear friend.

Cordially,

Lyndora, Pa.

Mrs. J. Criswell.

Bachelors Button, Double.

It has been so perfected that fully 80 per cent of the flowers are double and semidouble; and also increased in size and present many bright colors and distinct markings which have hitherto been unknown in this old-fashioned favorite flower.

Pkt., 75 seeds, 5 cts.

Bird of Paradise,

Poinciana Gillesi.

The color of the flower is a golden yellow, measuring two and a half inches across, with shape as shown in illustration, and is produced in very large trusses. The most beautiful part of the flower is the large pistils which are spread out in fan-like form, and are of bright crimson color. The foliage is also highly decorative, reminding one of a very delicate Acacia. If the seed is started early, it will produce blooms in great profusion the first year.

Pkt., 15 seeds, 8 cts.

Dear Miss Lippincott:

I have had seed from you for the past few years and they were always fine, the pansies were very fine. Miss E. F. Smith,
Mch. 9-10. Princeton, Minn.

Begonia.

Begonia—Tuberous rooted, single mixed. Seed saved from finest colors. Pkt., 100 seeds, 10 cts.

Begonia—Tuberous rooted, double mixed, from the finest and best colors. Pkt., 100 seeds, 12 cts.

Begonia, Vernon

One of the most satisfactory pot plants for the house, and a popular bedding plant for the garden or lawn. It blooms with the greatest profusion throughout the summer. Flowers a brilliant orange-carmine with bright yellow centers, and the foliage waxy and glossy. It is easily raised from seed, and comes absolutely true. Valuable for bedding and general culture.

Pkt., 300 seeds, 5 cts.

Rex Begonias—There are no prettier foliage plants than the Rex Begonias. They need a warm, moist atmosphere and a north window. Pot them in leaf mould with a sprinkling of sand, also some charcoal in the bottom of the pot. They will repay with their lovely foliage for all the care given them. They do not need sunshine.

Begonia Rex.

Beautiful foliage, justly celebrated as the finest of ornamental pot plants, superb large leaves, of exquisite and rich coloring.

Pkt., 50 seeds, 15 cts.

Balsam Apple.

A beautiful climbing plant with apple-shaped fruit, which, if preserved in alcohol, makes a most useful liniment. Pkt., 25 seeds, 5 cts.

Bean, Scarlet Letter.

A Favorite Old-Fashioned Climber.

One of the very few beans that are both ornamental and useful. It grows rapidly to a height of 10 to 12 feet, and is covered from July until heavy frost with clusters of beautiful scarlet flowers.

Pkt., 12 seeds, 5 cts.;

pt., 20 cts.; qt., 30 cts.

Lady Slipper, Defiance Balsam,

The most perfect in form and largest double-flowered Balsam yet developed and by care-

ful growth and selection, has attained a standard that will be found hard to improve. The mixture which I offer is composed, in nearly equal proportions, of eight colors: rose, rose-white spotted, pink, scarlet, white-tinted violet, white spotted, scarlet white spotted and purple; each having been grown separately. Pkt., 75 seeds, 5 cts.

Centrosema Grandiflora.

A bardy perennial vine which will bloom in June or July from seed sown in April, and bears in the greatest profusion inverted, pea-shaped flowers from 1½ to 2½ inches in diameter, ranging in color from a rose-violet to a reddish purple, with a broad, feathered white marking through the center, while the large buds and backs of the flowers are pure white, making it appear as if one plant bore many different colored flowers at one time.

Pkt., 50 seeds, 5 cts.

Coccinea Indica

A remarkably pretty climber. Ivy-like foliage, bright and luxuriant, never troubled with insects, and adapted for trellises, arbors, etc. The small flowers are soon followed by numerous fruits two inches long, which turn to brilliant scarlet, spotted with white, rendering it very pretty. Pkt., 25 seeds, 5 cts.

Calceolaria, Hybrida

Favorite and universally admired plants, remarkable for their large, beautifully spotted blossoms which are very showy, and from which an almost countless number of hybrids have been raised. They are perennial, are grown in pots in the conservatory, greenhouses and gardens. Mixed colors. Pkt., 200 seeds, 10 cts.

Frankford, Phila., May 8, 1910.
Miss C. H. Lippincott:

We were very much pleased with flowers grown from your seeds, especially Chinese Pinks and Acaetum.

Miss M. Lang.

A magnificent class of Carnations that will bloom in four months after sowing the seed. They are without exception the most abundant bloomers of all the "Pinks." The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, whites, variegated, etc. It is a most valuable acquisition, as Carnation flowers can be had all summer and winter, if consecutive sowings are made. Pkt., 100 seeds, 5 cts.

Carnations, Perennial Varieties

Indispensable plants for both pot culture in the greenhouse and window garden, and open ground culture in summer; of innumerable colors and delicious perfume. The plants may be set in the open ground during the summer, where they will flower as profusely as when grown in pots in the house. Half hardy perennials.

Double Mixed—Producing many double flowers of all shades and colors. Pkt., 100 seeds, 8 cts.

Extra Fine Double Mixed—Seeds saved from the finest and choicest German, French, Italian and English stocks. Pkt., 100 seeds, 10 cts.

Grenadin Scarlet—Very early, habit dwarf and compact, brilliant double scarlet flowers.

Pkt., 100 seeds, 10 cts.

Grenadin White—Double, early flowering, white.

Pkt., 100 seeds, 10 cts.

Calendula, Double Yellow

Flowers extra large and very double, slightly imbricated, while those of the center are incurved like the petals of a Peony. Color, bright golden yellow or orange. From seed sown in the open ground it comes into flower early.

Pkt., 150 seeds, 5 cts.

Centaurea Imperialis.

Centaurea Imperialis is of the easiest culture and flowers continually from early spring until fall. Flowers are double the size of *Centaurea Marguerite*, of various tints and colors, pure white, lilac, rose, purple and dark red, supported on long stems, which renders them very desirable for cut flowers and corsage bouquets. They have the same delicate odor and form as the *Centaurea Marguerite*. Mixed colors. Pkt., 75 seeds, 5 cts.

Centaurea Marguerite

The most fragrant and longest keeping cut flower. The flowers are the size of a medium Carnation, freely produced on long stems, which renders them valuable for cutting; colors pure white, pale sulphur-yellow and lavender. The flowers are sweet-scented, and their lasting quality after being cut is remarkable. The plants grow about eighteen inches high and are of the easiest culture; from spring-sown seeds they commence to flower in July and continue until late in the autumn. The novelty is entirely distinct from all other *Centaureas*, and is undoubtedly the most beautiful variety known. Mixed colors.

Pkt., 100 seeds, 5 cts.

New Double Calliopsis.

A handsome double variety, flowers of a rich golden yellow color, with wine-maroon spots. Pkt., 200 seeds, 5 cts.

Calliopsis or Coreopsis Single.

Very handsome and showy plants of the easiest culture, require no care and thrive in any garden. Produce flowers in nearly every shade of yellow, orange, crimson, red, brown. It is one of those flowers which will grow in any situation and always will be greatly admired. Mixed colors.

Pkt., 300 seeds, 5 cts.

Calliopsis, Lanceolata, Perennial

Graceful and profuse blooming plant, with large, striking flowers of a brilliant golden yellow. Remains in bloom all summer. Its long wiry stems fit it admirably for bouquet making. Its golden cloud of blooms far above the foliage, makes it a capital bedder.

Pkt., 200 seeds, 5 cts.

Cypress Vine.

A most beautiful vine, with delicate, fern-like foliage and beautiful, star-shaped, rose, scarlet and white flowers. Seed very slow to start growth. All colors mixed.

Pkt., 50 seeds, 5 cts.

Sulpho Tobacco Soap.

A Wonderful Insect Pest Exterminator. Unsurpassed for quickly exterminating all insect life on plants and flowers in and out of doors. Excellent for rose bushes, shrubs, etc. This popular insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless, and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. For domestic purposes it rids the house of cockroaches, and is a superior wash for dogs and all animals. Prevents poultry lice. A trial will give highly gratifying results. 3-oz. cake, sufficient for $1\frac{1}{2}$ gallons prepared solution, mailed postpaid 13 cts. 8-oz. cake, sufficient for 4 gallons prepared solution, mailed postpaid 23 cts.

**Canterbury Bell.**

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet bedding, or as single specimens. Coleus seed germinates easily, and success is as sure as with an ordinary annual.

Pkt., 300 seeds, 5 cts.

Chinese Lantern Plant.

(*Physalis Franchetti*.)

The plant produces numerous, large, inflated husks, much the shape of Chinese lanterns, at first a beautiful green color, changing to a yellowish hue and then to brightest scarlet, and as they hang suspended among the green foliage they present a most novel and strikingly beautiful appearance. Branches cut and dried retain their rich and brilliant color, and make most beautiful winter bouquets when used with dry grasses and leaves. The plant grows from one and one-half to two feet in height. Treated like a Tomato it grows and fruits freely from seed the first season, yet the plants are perennial and may be wintered in the cellar or grown in pots as a window plant. Pkt., 30 seeds, 5 cts.

Notice—15 cts. worth of seeds free with all orders for seeds in packets, to the value of 50 cts. with \$1.00 order select 30 cts. worth. Premium will not be added unless asked for. This applies to seed in packets, not on Lawn Grass, Plants, or Fertilizer.

Canterbury Bell

Campanula Media.

Calycanthema (Cap and Saucer Canterbury Bells). This is unquestionably the finest type of this old-fashioned and much prized garden plant. The increasing demand has induced us to offer it in separate colors as well as in mixture.

Rose—Delicate rose pink.

Pkt., 200 seeds, 10 cts.

Blue—A fine, clear shade.

Pkt., 200 seeds, 10 cts.

Striped—White striped blue.

Pkt., 200 seeds, 10 cts.

White—Pure White.

Pkt., 200 seeds, 10 cts.

Finest Mixed—All colors of the

Cup and Saucer type,

Pkt., 400 seeds, 5 cts.

One packet each of the 4 colors of Cap and Saucer Canterbury Bells, 30 cts.

Canary Bird Flower.

Tropaeolum Canariensis.

One of the most beautiful annual climbers, with bright green foliage, delicately cut and very ornamental. The flowers are bright golden yellow, bearing a fanciful resemblance to birds with extended wings. Succeed best in a cool, slightly shaded situation; also does well as a pot or basket plant for the window or conservatory. Pkt., 30 seeds, 5 cts.

Coleus.

Clematis Paniculata

Japanese Virgin's Bower
Perennial.

This is one of the really good hardy climbers. The leaves are of a bright, glossy green, and when in bloom it astonishes with the quantity of flowers, the plant being completely hidden beneath a blanket of white, bawthorne-scented blossoms, a grand plant for piazzas, fences, in fact any position where a climber is wanted. It is just the thing for covering terraces and embankments; does equally well in sunshine or shade, and stands unrivaled as a plant for the cemetery. Soak the seed in warm water for twenty-four hours before sowing.

Pkt., 50 seeds, 10 cts.

Cyclamen, Persicum

Well-known bulbous rooted plants, universal favorites as pot plants for winter and spring blooming, producing handsome red and white flowers, with beautiful variegated foliage, in different shades of green. The seed should be sown in the spring, and by autumn will produce a bulb which will blossom the following spring. Mixed.

Pkt., 25 seeds, 8 cts.

Cyclamen, Giganteum

Flowers of extraordinary size, and of great substance. The leaves are proportionately large, and beautifully marked.

Pkt., 25 seeds, 10 cts.

**Cleome Pungens,
The Giant Spider Plant.**

A robust plant growing vigorously 4 to 5 feet high, unaffected by wind or weather, and flowering profusely and continuously for months. The flowers are very showy, bright rose color; growing freely from seed sown in the open ground, thrives luxuriantly, and blooms all summer, no matter how unfavorable the season may be. It is also one of the best honey producing plants, and should be planted liberally by all bee-keepers.

Pkt., 200 seeds, 5c; oz., 25c.

**Crozy's New Dwarf Cannas.**

One of the most popular of bedding plants, while even single specimens are most attractive in the garden. They will bloom the first year from seed, if you soak them in boiling water over night; sow singly in small pots as soon as convenient and grow as rapidly as possible. The roots can be kept in the cellar over winter and each clump will give six to eight good roots for planting out the following spring. Pkt., 15 seeds, 5 cts.; oz., 25 cts.

Cannas, Tall—Old Type.

A mixture of all the best tall growing varieties.

Pkt., 15 seeds, 5 cts.; oz., 25 cts.

Dear Miss Lippincott:

Several years ago a friend and myself noticed your ad in a leading magazine. We sent for a trial order and since then I aim to order some flower seeds from you because they grow and give good satisfaction. We formerly lived in Michigan, and while there, I had a Royal Show Pansy bed that were the envy and admiration of every one that saw them. Last year I planted some Phlox Drummondii ordered from you, and had all colors even to light green.

Hammond, Ind., June 14, 1910.

Yours for Success,

Mrs. Jno. Fisher.

New Early Blooming Cosmos, Dawn.

This beautiful new strain produces abundantly well-formed lovely flowers of large size; pure white, pink and crimson in color. It can be had in bloom from July to November and grows freely everywhere. Pkt., 100 seeds, 5 cts.

Cosmos, Hybridus.

Seeds sown in April or May and transplanted to open ground will produce plants 5 or 6 feet high by September and from then until November will be covered with hundreds of blossoms, three inches across, resembling single Dahlias. All colors mixed. Pkt., 100 seeds, 5 cts.

Cosmos, White Pearl.

Large, pure white flowers; very valuable for florists. Pkt., 100 seeds, 5c.

Cosmos, Pure Pink.

Beautiful large flowers, of clear, delicate pink color. Pkt., 100 seeds, 5 cts.

Cosmos, Crimson.

Large, beautiful crimson flowers. Pkt., 100 seeds, 5 cts.

Cosmos, Klondike.

Of tall growth, with coarse foliage, but very late in blooming. The bright yellow flowers measure two and a half inches across. Seed must be started early inside,—in order to secure any flowers in this latitude. Pkt., 50 seeds, 10 cts.

March 30, 1910.
work. I was greatly pleased with your artistic catalogue of this spring, and the greeting on the first page.
Yours For The Country Life,
Mrs. Wm. Hannah,
Mead, Wash.

Dear Miss Lippincott:

For more than twenty-five years, I have at various times bought flower seeds from you, and always with satisfactory results. I wish to offer my congratulations on the success you and your family have attained in your

Chrysanthemum, or French Marguerites

Annual variety much grown for cut flowers. The plants grow twelve to eighteen inches high and produce on long stems beautiful large flowers of many bright colors. They flower all summer in the garden, and make elegant pot plants for winter flowering.

Pkt., 200 seeds, 5 cts.

Chrysanthemum, Inodorum Plenissimum

Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow-white flowers unsurpassed for bouquets. It remains in bloom all summer, and is in all respects one of the handsomest and most valuable of flowers. Pkt., 200 seeds, 5 cts.

Chrysanthemum, Fancy Perennial

From the best Incurved, Pompon, Japanese, Chinese and Anemone-flowered varieties. Seed sown in the hot bed in February or March or even April, will give plants that bloom in August or September, and cannot fail, with proper care, to give magnificent flowers in a wonderful variety of colors and forms.

Pkt., 200 seeds, 10 cts.

Candytuft, Giant Empress

A magnificent variety, with enormous flattened heads of large, pure white florets. Good stems. Pkt., 200 seeds, 5 cts.

Candytuft.

Hardy Perennial Sempervirens.

A profuse blooming, white, hardy perennial, coming in flower early in the spring. Much used for cemeteries, rockeries, etc. 1 foot.

Pkt., 200 seeds, 6 cts.

Candytuft, Snow Queen.

A valuable and distinct species of great beauty. It is an annual variety and grows very rapidly, quickly coming into bloom and remaining in full flower for about three months. It bears but little foliage, and the mass of white produced makes it useful for borders.

Pkt., 300 seeds, 5 cts.

Candytuft, Mixed.

All colors. Pkt., 400 seeds, 5 cts.

Cockscomb, Queen of Dwarfs.

This is the best dwarf-growing Cockscomb; the plants grow only about eight inches high, are firmly set in the crown with well balanced, large heads, ten to twelve inches across. They grow very uniformly and present an unusually solid effect in color, which is rich, ruby red, of extreme brilliancy. Pkt., 200 seeds, 5 cts.

Cobaea Scandens

A beautiful, large, bell-shaped flower, green at first, but rapidly changing to a beautiful deep violet-blue. A well established plant will run 30 to 40 feet a season. Pkt., 20 seeds, 5 cts.; 1/4 oz., 15 cts.

Scandens, Pure White

Pkt., 15 seeds, 10 cts.

Cineraria, Hybrida.

One of the most popular of all greenhouse plants, and what a splendid display they make when well grown. I know of no plant so easily grown as the Cineraria. The secret of growing well is to grow fast, never allowing them to receive a check, either from being pot bound, dryness of root, or attack of insects; the cooler they are kept the better. In colors they range from crimson, magenta, violet, purple and variegated. Large flowering mixed. Pkt., 200 seeds, 10 cts.

Burbank's Shasta Daisy.

One-half Natural Size.

THIS SHASTA DAISY is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type, which has been obtained by first combining the free-flowering American species with the large, but coarse, European species, and the Japanese species *Nipponicum*, after which rigid selections through a series of years has produced the present wonderfully beautiful and useful strain. Its first qualification is hardiness; it can be grown out of doors by anyone where it is not cold enough to kill oak trees. It is perennial, blooming better and more abundantly each season. It can be multiplied rapidly by simple division, and it is not particular as to soil. It blooms for several months. The flowers are extremely large and graceful, averaging about four inches in diameter, with three or more rows of petals of the purest glistening whiteness, and are borne on single, strong, stiff, wiry stems, nearly two feet in length. The blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness.

Pkt., 100 seeds, 10 cts.

Datura Cornucopia, "Horn of Plenty."

Discovered in South Africa by a collector of Orchids. The plant is of robust habit, with thick, dark, brown-purple, shining stems. The branches are numerous, spreading 3 or 4 feet; thick, large, dark green colored leaves. The flowers are trumpet-shaped, measuring 8 or 10 inches in length and 5 to 7 inches across the mouth, and form three distinct flowers growing each within the other. The mouth of the corolla is the most delicate white, beautifully marked with purple. A single plant gives from 200 to 300 fragrant blooms during the season, followed by a large, thorny seed vessel, which adds to its beauty; is one of easiest culture; plant at the end of May in a warm, rich soil; can be cultivated as an isolated specimen, in masses for center of beds, or to fill barren places, and produces a striking effect. Pkt., 15 seeds, 5 cts.

SULPHO-TOBACCO SOAP, For Insect Pest.

Three oz. cake.....13 cts.
Eight oz. cake.....28 cts.

Euphorbia.

Marginata.

(Snow-on-the Mountain). Plants two feet high, with beautiful foliage, elegantly veined and margined with white; very showy. Per pkt. 5 cts.

Euphorbia.

Mexican Fire Plant
Heterophylla.

The leaves are at first green, but at the end of each branch appear greenish-white flowers, enveloped in beautiful orange-scarlet bracts, and leaves are blotched with vivid carmine.

Pkt. 10 cts.

The Blue Daisy.
Agathea Coelestis.

The flowers are the very counterpart of the Paris Daisy, which is sky blue with a yellow disc. It makes a very pretty object for summer decoration in the flower garden; of easy growth and the plant may be had in flower all the year 'round. It is allied to Cineraria, and requires about the same treatment. A fine winter bloomer.

Pkt., 200 seeds, 5 cts.

Double Daisy.
Bellis Perennis.

Daisies are easily grown from spring sown seed and come into flower in a very short time. The flowers are white, pink, red and variegated. Not all will come double from seed. Finest mixed.

Pkt., 300 seeds, 5 cts.

New Snowball Daisy.

A beautiful white flowered variety having very long stems with large double flowers, about eighty per cent of which are extremely double. Pkt., 300 seeds, 5 cts.

Aristolochia Sipho.

(Dutchman's Pipe Vine.)

A hardy perennial climber, of rapid, luxuriant growth with large, heart-shaped leaves. Pkt., 15 seeds, 5 cts.

Dear Miss Lippincott.

I used your seeds last year, and though we had an unusually dry season, I never had finer flowers. I want to tell you how much I appreciate the quality of your seeds, am sending an order for this year's supply.

R. S. Elmer, N. J. Mrs. L. Patterson.

Dianthus or Chinese Pinks.**Best Mixed.**

One of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed, ranging from pure white to the most delicate pink and glowing deep crimson. A bed of these in the flower garden will make a grand display at small cost. The mixture I offer includes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late introduction; both single and double. I guarantee it will give satisfaction with any other strain offered.

Pkt., 200 seeds, 5 cts.

Dianthus, Heddewiggii.**Finest Single Mixed.**

Flowers two or three inches in diameter. Most beautiful and brilliant colors.

Pkt., 150 seeds, 5 cts.

Dianthus, Dwarf Fireball.

The most brilliant annual pink in cultivation; the plants are constantly covered with blood-red, perfectly double, lacinated flowers until checked by severe frosts.

Pkt., 150 seeds, 5 cts.

**Dianthus, Dwarf Snowball.**

This beautiful dwarf variety belongs to the Heddewiggii class of Dianthus. The plants are very compact dwarf growth and are covered with lovely, spotless, snow-white flowers very full and double. From its dwarf growth it is very attractive for edgings, while the flowers are also very useful for cutting for bouquets. Pkt., 150 seeds, 5 cts.

New Large-Flowered Dwarf Double Hybrid Pinks.

The plants grow only nine or ten inches high, with extra large double flowers, frequently measuring three inches across—of perfect form and brilliant colors, ranging from pure white to deep crimson, while many are beautifully variegated and fantastically marked. Blooming freely the first season. Pkt., 150 seeds, 5 cts.

Dianthus, Plumarius, Pheasant's-Eye Pink.

Dianthus, Plumarius, is the old-fashioned Grass Pink. It is perfectly hardy, blooms very profusely in early summer, and is admirable on account of its delicacy, showiness and fragrance. Its use either as a cemetery or garden flower is always satisfactory.

Pkt., 100 seeds, 5 cts.

Eschscholtzia, California Poppies.

Hardy annual, growing about 1 foot high, bearing a profusion of rich, yellow flowers, about 2 inches in diameter, making a blaze of color in the sunshine and fully as valuable as the common Poppy for garden ornamentation, and as easily grown. Pkt., 400 seeds, 5 cts.

Forget-Me-Not "Victoria."

Of stout and husky habit of growth, bearing umbels of large bright, azure blue flowers, with central double blooms, and when fully grown is quite globular in shape and perfectly covered with flowers. This beautiful Forget-Me-Not is the best for carpet bedding edgings and masses, and for growing in pots. Pkt., 200 seeds, 5 cts.

Pink Forget-Me-Not.

Myosotis Alpestris, Rosea. One of the earliest plants to flower in the spring. This plant is bushy, stalks 12 inches long; is an excellent border plant, and can be easily multiplied by division of the roots. Pkt., 200 seeds, 6 cts.

Feverfew, Double, Matricaria Eximia.

A fine old-fashioned hedging plant; also suitable for pot culture. It grows about eighteen inches high, with numerous branching flower stems, which are literally covered with very double, pure white flowers an inch in diameter. Blooms until frost. Pkt., 200 seeds, 5 cts.

Delphinium, Larkspur.

Well known annuals of great beauty and remarkable for the richness of their colors; invaluable for large gardens. Mixed. Pkt., 200 seeds, 5 cts.

Delphinium, Formosum.

A hardy perennial variety, flowers bright blue with white center.

Pkt., 200 seeds, 5 cts.

Digitalis, Fox Glove.

A handsome and ornamental hardy perennial of stately growth, for shrub-beries and half shady places.

Pkt., 500 seeds, 5 cts.

Dolichos, Hyacinth Bean.

This beautiful annual climber should have a place in every flower garden. It is of very rapid growth.

Pkt., 30 seeds, 5 cts.

E. Fairfield, Vt.

April 7, 1910.

My Dear Miss Lippincott:

This year I am enclosing a small order for your seeds. I have used them before and they proved very satisfactory.

I can surely say that Lippincott's seeds G R O W.

Yours truly,
Dorothy Parsons.

**Cactus Dahlia.**

A new class of broad-petaled double flowers, esteemed by many the finest of all. Very distinct and extra fine for cutting. Pkt., 50 seeds, 10 cts.

Dahlia, Double.

Every one knows and admires the Double Dahlia, but comparatively few are aware that it can be grown so easily from seed, and flowers so beautifully the first season that the purchase of bulbs is a needless expense. Choice mixed.

Pkt., 50 seeds, 5 cts.

Dahlia, New Striped Single.

The extra large single flowers, quite four inches in diameter, comprise a wonderful variety of colors, beautifully striped, flaked, mottled and dotted in a grotesque and charming manner. Pkt., 50 seeds, 5 cts.

Geranium, Finest Mixed.

The most popular plant grown either for pot culture in winter or for bedding out in summer. No flowering plants are more grown, and certainly none more suitable for large beds where a mass of bloom is desired, or for single specimens in pots for the house. But few are aware that they can be grown easily from seed, and flower the first season if sown early, and will frequently reward the cultivation with charming new varieties; in fact propagation by seed is the only sure way to obtain new varieties. The seed I offer has been saved from twenty-five of the finest varieties grown. There can be no finer mixed Geranium, and it cannot fail to bring forth some splendid new varieties. Pkt., 50 seeds, 10 cts.

Geranium. Good mixed.

Pkt., 30 seeds, 6 cts.

Geranium. Apple-Scented leaves, delightfully fragrant, highly prized for bouquets.

Pkt., 30 seeds, 10 cts.

Fuchsia, Double and Single Mixed.

Fuchsias are as easily grown from seed as from cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken into the house for the winter, where they will flower still more freely. The seed I offer has been saved from the very finest double and single varieties.

Pkt., 30 seeds, 10 cts.

Iris, Flowering Flags.

Kaemferi, Japanese Iris.

This is one of the showiest of the "Flags," and is now extensively used in the hardy garden. Blooms the second year from seed.

Pkt., 100 seeds, 10 cts.

Note—For immediate results it is necessary to get roots of Japanese Iris. See "Floral Culture."

Ice Plant, Mesembryanthemum.

A handsome and curious plant for hanging baskets, rock work and vases. The leaves and stems appear as though covered with ice crystals and look like rock candy. The whole plant is peculiarly brilliant in the sunshine.

Pkt., 400 seeds, 5 cts.

Godetia, Finest Mixed.

Beautiful, hardy annuals, remarkable for the delicacy of their very fine large blossoms; flower deep rose pink, rosy carmine, snowy-white with bright carmine rose spots, carmine, crimson, lilac with purple and white. Pkt., 400 seeds, 5 cts.

Gaillardia, New Double.

ANNUAL.

Large, double flowers, valuable for cutting. The colors embrace sulphur, golden yellow, orange, amaranth and claret. Pkt., 200 seeds, 5 cts.

Gaillardias.

Perennial Varieties.

These are undoubtedly among the choicest of hardy perennials; the flowers are large, very numerous, excellent for cutting and of the most brilliant shades of orange, crimson, scarlet and vermillion, and very often a combination of all these colors in one flower. Many colors.

Pkt., 100 seeds, 10 cts.

Gourds, Ornamental.

Tender, annual climbers, with curiously shaped fruit in various colors, many of which are peculiarly marked.

Pkt., 40 seeds, 5 cts.

Gourds, Japanese Nest Eggs.

Resembling in color, shape and size the eggs of hens; are uninjured by wet or cold, and therefore make the best nest eggs. Pkt., 40 seeds, 5 cts.

GLOXINIA

Heliotrope.

Heliotrope is a universal favorite on account of its delightful fragrance and duration in bloom, flowering equally well as bedding plants in summer, or as pot plants in the house during the winter. Seed sown in the spring make fine plants for bedding out, and are as easily grown as verbenas.

Pkt., 200 seeds, 5 cts.

Heliotrope, Lemoine's Giant.

Of vigorous growth and producing heads of flowers double the size of the old sort.

Pkt., 200 seeds, 5 cts.

Gloxinia.

The Gloxiala is a grand flower and makes a lovely pot plant; as easily grown and cared for as many of the common flowers. The handsome bell-shaped flowers embrace a great variety of the richest and most beautiful colors, ranging from pure white to dark red, pink, bluish, lavender, indigo blue, marble and spotted. They will bloom in four or five months from time seed is sown.

Pkt., 100 seeds, 10 cts.

Hollyhocks, Prize Double

The perfect doubleness of the magnificent, large flowers will please the most critical. All the best colors, from deep yellow, red rose, light buff, carmine, scarlet, flesh color, creamy white tinted with rose, purple, yellow on dark ground, crimson flaked with salmon, cherry red, cream on violet ground, lilac on brown ground, dark crimson to pure white, also black. If sown early in March or April the plants will bloom the first year. All mixed colors.

Pkt., 50 seeds, 5 cts.

Double Maroon, 50 seeds, 5c Double Salmon Rose, 50 seeds, 5c
 " Bright Pink, 50 seeds, 5c " White, 50 seeds, 5c
 " Bright Red, 50 seeds, 5c " Yellow, 50 seeds, 5c

Hollyhocks, Double Allegany

Mammoth flowers, wonderfully formed of loosely arranged fringed petals, which look as if made from the finest China silk, and have none of the formality of the ordinary type. The colors vary from the palest shrub pink to deep red.

Pkt., 50 seeds, 5 cts.

Hollyhocks, Single

Many prefer the single-flowering Hollyhocks. They are usually of freer growth than the doubles, and present a very handsome appearance when covered with their artistic blossoms. Pkt., 50 seeds, 5 cts.

Annual Hollyhocks.

This new strain possesses all the virtues of the double old-fashioned Hollyhock with the additional advantage of blooming from seed the first year. Plants started from seed sown in March or April in the house or hot bed, transplanted in May into their permanent place, will bloom in August and continue until fall. The plants branch out freely and are not easily attacked by the Hollyhock fungus, therefore retain their fresh, bright green leaves until late. The flowers are double, semi-double, or single.

Pkt., 50 seeds, 5 cts.

Impatiens Sultani.

This most distinct and beautiful plant is almost a perpetual bloomer. The flowers are of a brilliant rosy scarlet color and are produced so freely that a full grown specimen appears to be a ball of flowers and continue in full beauty several months.

Pkt., 100 seeds, 5 cts.

Job's Tears, Coix Lachryma.

Curious, ornamental grass, with broad, corn-like leaves and seeds of a light slate color. Valuable for the formation of winter bouquets. Strings of handsome beads are made from the seeds. Hardy annual, 3 feet high.

Pkt., 30 seeds, 5 cts.; oz., 20 cts.

Kochia Scoparia or Summer Cypress.

The plants grow freely from seed sown in the open ground, when the trees are coming out in leaf, and from the earliest stage of growth in the spring until they reach maturity in the fall the plants are always of globe-like form. The plants branch freely, and stems are clothed with slender light green leaves. Early in the fall the ends of shoots are thickly set with small bright-scarlet flowers—the bushy plants resembling balls of fire. The plants are equally showy, planted singly to show the round ball-like form on all eldes, or grown in continuous rows or hedges.

Pkt., 200 seeds, 5 cts

The Famous Chinese Kudzu.

"Jack-and-the-Beanstalk Vine"

A vine that will grow everywhere. Flourishes where nothing else will grow, and lasts for many years. The large bold leaves of the brightest green afford a dense shade. Its greatest feature is its wonderfully strong growth, which makes it invaluable for covering arbors, fences, porches, dead or old trees, etc. The Kudzu Vine is a native of China, where it is grown not only for the beauty of the plant, but also for the edible value of its roots. The vine is hardy, grows 50 ft., with dense foliage to the ground. Pkt., 10 cts.

**Humulus.**

Humulus Japonicus, Variegated Japanese Hop.

One of the most rapid climbers grown; seeds can be sown in the open ground in the spring and it will attain enormous dimensions very quickly. The foliage is luxuriant and variegated. It is one of the best plants for covering verandas and trellises. Heat, drouth and insects do not trouble it.

Pkt., 40 seeds, 5 cts.

Hibiscus, Golden Bowl.

This is a plant that grows about two ft. high and begins to bloom early from spring-sown seed. The enormous flower measuring 5 or 6 in. across, beautifully cupped and of the most exquisite, soft canary yellow, with a large black center. These beautiful flowers are borne in great profusion all summer, and if the plants are potted before frost, will continue to bloom in the window all winter.

Pkt., 30 seeds, 5 cts.

HEUCHERA (Alum Root) SANGUINEA.

One of the finest hardy perennials. The flowers are of a rich, bright crimson color; the leaves light green and slightly hairy. Excellent for cutting.

Pkt., 500 seeds, 5 cts.

Helichrysum.

A very popular everlasting; large, full double flowers of various colors, from bright yellow to scarlet, shaded and tipped. Handsome bouquets may be formed of them for winter. If blossoms are gathered when on the point of expanding.

Pkt., 200 seeds, 5 cts.

Helianthus, Sunflower.

(Globosus Fistulosus.)

The best and most effective of all annual Sunflowers; flowers immense, from twelve to fifteen inches in diameter, globular and extremely double. Of easy culture as well as showy.

Pkt., 40 seeds, 5 cts.

Dear Miss Lippincott:

Feb. 1, 1910.

I have never had really pretty pansies except last year. I ordered the seed from you and I am going to try some more this year. I always have good luck with the seeds I get from you, I am,

Truly,

Burfordville, Mo.

Miss Meta Meier.

Linaria, Kenilworth Ivy.

A very pretty and well known bardy, perennial, trailing plant, for covering rock work, and very useful for hanging baskets. The flowers are small but pretty, and for a drooping plant, nothing can be better, as it's easily grown from seed.

Pkt., 300 seeds, 5 cts.

Linum, Crimson Flax.

Excellent for clumps and edgings and one of the best and most showy hardy annuals for bedding. May be raised in any quantity from seed sown in March or April where the plants are intended to flower. They are not at all fastidious regarding soil, doing well in any ordinary garden.

Pkt., 200 seeds, 5 cts.

Lavender, Old-fashioned Sweet.

A well-known, sweet scented, hardy perennial, bearing long spikes of blue flowers.

Pkt., 200 seeds, 5 cts.

A Small List of Good Vines.

Centrosema, Grandiflora.....	5 cts.
Coccinea, India.....	5 cts.
Cypress Vine.....	5 cts.
Canary Hlrd Flower.....	5 cts.
Cobaea, Scandens, Blue.....	5 cts.
Cobaea, Scandens, White.....	10 cts.
Clematis, Paniculata.....	8 cts.
Dutchman's Pipe.....	5 cts.
Dolichos, Hyacinth Bean.....	5 cts.
Rudzu Vine.....	10 cts.
Humulus, Japanese Hep.....	5 cts.
Maurandia.....	5 cts.
Nasturtium, Climbing.....	5 cts.
Bean, Scarlet Runner.....	5 cts.

Lobelia.

A very valuable and beautiful class of mostly dwarf growing plants; their delicate drooping habit, and the profusion of their charming little blue and white flowers, render them exceedingly ornamental for vases or hanging baskets, and rockeries, blooming from June to November, while for border cultivation they are equally effective. Mixed colors. Pkt., 500 seeds, 5 cts.

Lobelia, Star of Ischi.

Of very dwarf, erect growth, forming dense balls of charming azure blue flowers.

Pkt., 400 seeds, 5 cts.

Lobelia, White Gem.

The best dwarf white variety.

Pkt., 400 seeds, 5 cts.

Lantana.

Well-known shrubby plants, with clusters of verberna-like flowers, and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Mixed. Pkt., 30 seeds, 5 cts.

Moonflower, *Impomaea Noctiflora*

It bears lovely white flowers 5 to 6 inches in diameter, with a five pointed star in the center. The flowers open at dusk, or earlier on cloudy days, at which time they are deliciously fragrant. Start the seed in the house and set out as early as safe in the spring.

Pkt., 15 seeds, 10 cts.

Evening Glory, *Bona Nox*

Violet; flowers large and fragrant, especially in the evening.

Pkt., 5 cts.

February 19, 1910.

Dear Friend:

I was perfectly delighted with the seeds that I received two years ago and I wish to send for some more. They were certainly delightful and bloomed until the frost nipped them.

I am always pleased to get your catalogue.

Florence Benton,
Delaware, Ohio.

Mignonette, Machet. True.

An entirely new and distinct sort, of great merit. It is of dwarf and vigorous growth with massive spikes of deliciously scented red flowers. Pkt., 300 seeds, 5 cts.

Mignonette, Golden Queen.

A very fine variety: flowers of golden hue; highly effective; of dense pyramidal habit and deliciously fragrant. Pkt., 300 seeds, 5 cts.

Mignonette, New Giant Red.

The flower spikes are of the largest size, unequalled by any other variety, while the color is uniform and a strikingly distinct red. Pkt., 300 seeds, 5 cts.

Mignonette, Sweet. *Reseda Odorata*.

A favorite on account of its fragrance. Pkt., 300 seeds, 5 cts.; oz., 12 cts.

Marigold, The Eldorado.

The large bushy plants are each a ball of brilliant color, many single plants having seventy-five flowers in bloom at one time. The flowers are 3 to 4 inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. Pkt., 100 seeds, 5 cts.

Marigold, French Mixed.

A class of showy and extremely effective plants, with fine double flowers of rich and beautiful colors; very well adapted for large beds and bordering. Pkt., 100 seeds, 5 cts.

Marigold, Legion of Honor. Dwarf Single.

The blooms are of medium size, rich golden yellow, with the center of each petal broadly marked with velvety crimson-brown and with clustering stamens in bright shades of orange yellow; blooms abundantly from July until cut down by frost. So easily raised from seed that I strongly recommend it to everyone. Pkt., 100 seeds, 5 cts.

Imperial Japanese Morning Glories.

They measure from 4 to 6 inches across and their greater substance causes them to remain open much longer than the ordinary Morning Glories. The colors of the flowers and the shadings and markings are limitless, and are really wonders of nature of such incomparable beauty that descriptions are inadequate. Pkt., Single and Double Mixed, 5 cts.; oz., 20 cts.

Tall Morning Glories, Old-Fashioned.

All colors mixed. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Mimulus, Monkey Flower.

Tender looking plants with singularly shaped and brilliantly colored flowers, blotched and spotted in every conceivable manner. Excellent for baskets and vases, while they thrive well in the open garden. Fine hybrid mixed.

Pkt., 300 seeds, 5 cts.

Mimulus Moschatus, Musk Plant.

A well-known and favorite plant. Cultivated on account of the musky odor of the plant. Pkt., 300 seeds, 5 cts.

Mimosa, Sensitive Plant.

An interesting and curious plant. The leaves will close and drop at the slightest touch. Mostly grown as a curiosity. Pkt., 30 seeds, 5 cts.

Marvel of Peru, Four O'clock.

It is one of the most brilliant and showy plants that can be grown with little or no trouble. Finest mixed.

Pkt., 40 seeds, 5 cts.

Mexican Mountain Rose.

Attigeton Annual.

Flowers, which are of rich carmine scarlet shade, are borne in great clusters the entire length of the vine. It is a beautiful and rapid growing climber and valuable alike for the shade it affords and for the blossoms it produces.

Pkt., 25 seeds, 6 cts.

Maurandia.

A beautiful rapid, graceful climber for greenhouse, parlor, basket or outdoor purposes, with rich purple, white and rose, fox-glove shaped blossoms. Pkt., 200 seeds, 5 cts.

Berlin Heights, O., March 21, 1910.

My Dear Miss Lippincott:

I am again sending for seeds and I want to tell you how much we enjoyed the Sweet Peas last year and we are looking forward to the same this year.

Sincerely,

MRS. GEORGE F. HILL.

NICOTIANA AFFINIS.

When its large, pure white flowers are fully expanded in the evening and early morning, it has a most striking effect, and is so fragrant that a small bed will perfume the whole surrounding atmosphere. If the plants are taken up in the fall, cut back and potted, they will bloom freely all winter in the house.

Pkt., 300 seeds, 5 cts.

NIGELLA, LOVE-IN-A-MIST.

Hardy annual, known as "Devil-in-Bush" and "Lady-in-Green" because the blossoms are partially concealed by the abundance of finely cut foliage. The plant and flower are both handsome and require but little care.

Pkt., 150 seeds, 5 cts.

ORNAMENTAL GRASSES.

All the annual varieties mixed, many of them being really handsome in growth, and all of them desirable for winter bouquets, if cut while green and dried in the shade.

Pkt., 200 seeds, 5 cts.

OENOTHERA, EVENING PRIM-ROSE.

Saucer-shaped flowers of various colors and enormous size, often as large as Moon-flowers; very striking and fragrant.

Pkt., 200 seeds, 5 cts.

OXALIS.

It is not generally known that these annual varieties of Oxalis are fully equal for edging to the varieties grown from bulbs. Mixed colors.

Pkt., 200 seeds, 5 cts.

CONKEY'S FLY KNOCKER.

The only Fly Chaser that stands the test of actual use. Kills every fly it hits and keeps all others from annoying stock. **ACTUALLY DOES IT!** Solves the mosquito problem for the camper and is perfectly harmless.

Running Water, S. D. 3-3-10.

Dear Madam—After a most pleasant experience with your seeds in Cleveland, O. I hope to try them under conditions in several ways more favorable, so I am sending a small order.

Yours sincerely, H. M. Bissel, Jr.

Nasturtiums, Dwarf. Finest Mixed.

The best ever produced and not surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort. In Dwarf Nasturtiums I consider my special mixed the best that money can buy. It is made up especially for critical buyers that have the money to spend for the best only. Dwarf Nasturtiums now rank with Sweet Peas and Pansies as a favorite and fashionable flower.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.

Dwarf Nasturtiums, Golden Queen.

Golden-yellow flowers on golden foliage.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Crystal Palace Gem.

Rich sulphur-yellow, spotted with carmine.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Aurora.

The ground color is a chrome-yellow, the upper petals being of a somewhat lighter tint, while the two lower petals are spotted and veined with purplish-carmine.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums.

Empress of India.

The leaves are of a dark purplish blue color, making a suitable background for the brilliant crimson-scarlet flower.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Lady Bird.

The ground color of the flower is rich, golden-yellow, each petal barred with a broad vein of bright ruby crimson.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Spotted King.

Rich orange spotted with maroon.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums.

Golden Foliage Mixed.

30 seeds, 5 cts.; oz., 15 cts.

New Climbing Nasturtiums

Madam Gunther's Hybrids.

A new section obtained by artificial hybridizing and distinguished by dark colored foliage and flowers of a richness and variety of coloring not to be found in any of the different classes of Nasturtiums heretofore grown. Colors in these new hybrids include various shades of rose, salmon, bright red, pale yellow, etc., either self colored or spotted, mottled, striped and margined.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 30 cts.

Tall Nasturtiums.

Variegated Foliage Mixed.

30 seeds, 5 cts.; oz., 15 cts.

Tall Nasturtiums, Finest Mixed.

I also offer a special mixture of the Tall or Climbing Nasturtiums made up on the same basis as the Dwarf Variety finest mixed, from the best named and brightest colors only.

Pkt., 30 seeds, 5 cts.; oz., 10 cts. $\frac{1}{4}$ lb., 30 cts.

Tall Nasturtiums, Von Moltke.

Ruby rose. Pkt., 30 seeds, 5 cts., oz., 10 cts.

Tall Nasturtiums,

Bright scarlet. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Tall Nasturtiums, Prince Henry.

Bright mottled scarlet. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Lobb's Nasturtiums.

Both foliage and flowers of this type are smaller than those of the common Tall Nasturtiums, but the wonderful profusion of bloom and intense brilliancy of colors make it particularly desirable.

King of the Blacks—Rich foliage with flowers of a dark garnet-red. Pkt., 25 seeds, 5 cts.; oz., 15 cts.

Lucifer—Both flower and foliage are of a rich dark coloring, the flowers being a deep rich velvety crimson. Pkt., 25 seeds, 5 cts.; oz., 15 cts.

NOTICE!—One pkt., each of the 16 varieties of Nasturtiums for 50 cts.

Charleston, Ia., 4-20-10

Miss C. H. Lippincott:

For 10 years I have sown your seed and bought all my plants of you clubbing with neighbors or sending alone. I have a wonder lemon 5 ft. high full of buds 'tis a beautiful specimen, all your goods sent to me have been first class. Ever your friend.

Mrs. Jno. Wicke.

Royal Snow Pansies.

This is a mixture especially prepared by myself from separate strains and colors of all the largest flowering and finest varieties that can be secured in Europe, and is unsurpassed in beauty, color and markings.

Pkt., 150 seeds, 10 cts.

Pansy, "New Giant Madam Perret"

This novelty is especially distinguished from other Pansies by the plant being full and spreading, with very broad and extremely dark green leaves. The straight and stiff stems it possesses cause the flowers to stand out well from the foliage. The color of the blossoms ranges through all the shades of red, from a pink to a fine, deep purple, with an intermediate bright red, edged with white. The face of the flower in some cases is regular in color, while in others it is lined and striped. The extraordinary size of the flowers, which reach as much as 3 to 3½ inches in diameter, makes it a novelty of the first rank, and one that is sure to be sought after by lovers of Pansies. Pkt., 150 seeds, 10 cts.

Giant White Spotted Pansy.

The flowers are very large, pure white with a violet blotch on the three lower petals, of good form and substance. Pkt., 150 seeds, 5 cts.

Giant Yellow Prince Pansy.

The color is pure golden yellow, shaded canary, sometimes with the three lower petals marked with purplish or red blotches and hair lines. It is impossible to reproduce by means of the printer's art the grand depth of brilliant color presented by this beautiful Pansy when well grown. Pkt., 150 seeds, 5 cts.

BLACK PRINCE PANSY.

A distinct Pansy of sterling merit. The rich, glossy black has a peculiar soft velvety appearance; the magnificent, large flowers are of fine circular form and carried upright well above the foliage, plants are of very compact bushy habit, and

flowers so profusely that a bed of the Black Prince makes a sight not often equaled. Pkt., 150 seeds, 5 cts.

PANSY, PRESIDENT CARNOT.

Flowers of great size and rounded form. The center of each of the large, rounded petals is heavily blotched with a soft, rich shade of violet purple; the edges distinctly outlined with a snow-white band. In the center of the lower petals the color deepens to a velvety brown tint, contrasting richly with the yellow of the small distinct eye.

Pkt., 150 seeds, 5 cts.

NEW GIANT TRIMARDEAU PANSY.

Remarkable for the extra large size of the flowers, which, however, are not so circular in form as the "Imperial German" or the "Royal Show." Pkt., 150 seeds, 5 cts.

NEW RED MIXED PANSY.

The most brilliant Pansy mixture ever offered; made up from a collection of all the best red and fiery shades that have been produced up to date by the expert Pansy growers of Europe and America. If you want Red Pansies try this mixture.

Pkt., 150 seeds, 5 cts.

FIRE KING PANSY.

This novelty comes almost absolutely true, scarcely a plant bearing flowers at variance from the type, which is very distinct and striking. The lower petals each have a large blotch of deep brown-red or magenta, margined with yellow, while the upper petals are of a bright reddish-brown, of a real fiery shade, warranting the name of Fire King.

Pkt., 150 seeds, 5 cts.

SNOW QUEEN PANSY.

Pure satiny white, with yellow dot in center of flower, sometimes marked near center with faint blue or purple lines; altogether the least picturesque of any of the different classes of Pansies. It is highly prized by a great many Pansy lovers for just that reason.

Pkt., 150 seeds, 5 cts.

PEACOCK PANSY.

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue, shading to black. Named "Peacock" because the blending colors resemble those of peacock feathers.

Pkt., 150 seeds, 5 cts.

"Masterpiece" or Ruffled Pansy.

This strain comes nearer to "Double Pansy" than anything else introduced under the name. The number of petals is the same as that in the other Pansy flowers, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking.

Pkt., 150 seeds, 10 cts.

Petunia, Grandiflora, Large Flowering. Mixed.

The largest flowering and richest colored variety in cultivation. Single flowers frequently measure over five inches in diameter, ruffled or fringed on the edges and beautifully veined with various shades of purple, rose, lavender, yellow and crimson. Pkt., 300 seeds, 10 cts.

Petunia, Double.

Finest varieties carefully fecundated with the double flowers, and will produce from twenty-five to forty per cent. of double flowering plants. Some double, fringed, in all shades of colors existing in Petunias, and the blossoms that come single will be of the grandiflora type.

Pkt., 100 seeds, 10 cts.

Petunia, Lady of the Lake.

Some magnificent, double, pure white, beautifully fringed blossoms can be obtained from this strain. Produces about twenty to thirty per cent. of double flowers. Pkt., 50 seeds, 10 cts.

Single Petunia, Snowball.

Grows about eight inches high, with satiny, pure white flowers, and makes a beautiful edging or bedding plant. Pkt., 200 seeds, 5 cts.

New Star Petunia.

An exquisite variety, either for the garden or pot culture, each flower having distinct white, starlike stripes, on rich purplish red ground. Pkt., 200 seeds, 5 cts.

Petunia, Hybrida—Finest Mixed.

A splendid mixture, embracing all colors. They are excellent for bedding or massing.

Pkt., 300 seeds, 5 cts.

One packet each of the seven varieties of Petunia, 35 cents.

Sweet-Scented Pansies.

The Perfums of the Violet.

The Beauty of the Pansy.

This new class is the result of crossing the Pansy (*viola tri-color*) with the Sweet Violet (*viola cornuta*). The resulting hybrids, in addition to retaining the delightful Violet perfume, produce the most beautiful Pansy-like blossoms, 2 to 2½ inches across, of great substance and of an endless variety of colors. They are not equally fragrant, though the majority are as highly scented as the sweetest Violet. Mixed colors.

Pkt., 150 seeds, 5 cts.

Emperor Frederick Pansy.

The first color is deep, velvety brown, shaded into a narrow band of deep, golden yellow, which borders each petal. The perfect flowers show a distinct face, marking a rich gold and dark brown.

Pkt., 150 seeds, 5 cts.

Pansy, Emperor William.

Ultramarine blue with a violet eye.

Pkt., 150 seeds, 5 cts.

New Imperial German Pansy.

This mixture embraces seed of over fifty colors and markings, and is guaranteed to equal any strain offered as Imperial German. Pkt., 150 seeds, 5 cts.

Pansy, Good Mixed.

Fine for bedding; many rich colors.

Pkt., 300 seeds, 5 cts.

NOTICE.—One packet of each of the seventeen varieties of Pansies for 75 cents.

Phlox, *Drummondii* Grandiflora.

Their long duration in bloom, combined with their almost unequalled richness of color, renders them of invaluable service in the flower garden. The colors range in every conceivable shade, producing flowers twice the size of common Phlox.

Pkt., 200 seeds, 5 cts.

Phlox, Large Flowering, Brilliant Scarlet.

A most effectual color for bedding.

Pkt., 150 seeds, 5 cts.

Phlox, Large Flowering, Pure White.

Large, round flowers of splendid substance.

Pkt., 150 seeds, 5 cts.

NOTICE.—One packet each of the entire collection of Phlox, 9 packets, for 35 cents.

Portulaca, Double Flowering.

One of the most showy and beautiful annuals, with abundant, highly-colored flowers. For baskets, beds, masses or edgings it is invaluable. The seed I offer has been saved with extra care from the finest colors and will give a good proportion of double flowers.

Pkt., 1,000 seeds, 5 cts.; Oz., \$2.

Pyrethrum.

Parthenifolium aureum (Golden Feather).....Pkt., 5 cts.

Pyrethrum.

Roseum (Insect Powder Plant). A fine, hardy plant, with large, red, daisy-like flowers. Pkt., 8 cts.

Phlox, *Hortensia* Flowered.

This is undoubtedly one of the handsomest species of the Phlox family. The flowers are borne in large umbels, just like a *Hydrangea*.

Pkt., 150 seeds, 5 cts.

Phlox, Double Flowering.

A very desirable class. Flowers are double and semi-double, and much longer than those of the single Phlox. The white is especially valuable as a cut flower. All colors mixed.

Pkt., 150 seeds, 5 cts.

Phlox, New Yellow.

New Yellow Phlox is a rich straw yellow of warm and glowing tones; flowers extra large and fine form.

Pkt., 150 seeds, 5 cts.

Phlox, Large Flowered.

Pure pink. Pkt., 150 seeds, 5 cts.

Phlox, Perennial, Choicest Mixed

The perennial variety of Phlox is among the choicest of our bedding and border plants. They are hardy and need no protection; will flourish in any soil, succeeding better, however, in deep rich, rather moist ground.

Pkt., 25 seeds, 5 cts.

Phlox, "Starred & Fringed."

In the Fringed Flowers, the petals are partly fimbriated and partly three-toothed, in more than 20 different shades. In the Starred Phloxes the pointed central teeth of the petals are five or six times as long as the lateral ones and project beyond them like little spines, giving the flowers a star-like form.

Pkt., 200 seeds, 5 cts.

Dear Miss Lippincott:

Mother is writing this letter for me for I am only a little girl. I have a little garden of my very own and last year I had lots of pretty flowers from the seeds I got from you. This year I want some more.

Sincerely yours,

Margaret R. Heldenreich,
Waconia, Minn.

Poppy, White Swan.

One of the most effective and valuable Poppies introduced for years. The plants are about 18 inches high, grow in very pretty bush form, crowned with flowers of enormous size, perfect form, very double and of the purest snow-white. Its flowering period is considerably longer than that of other Poppies. Pkt., 200 seeds, 5 cts.

Hardy Perennial Poppies

Orientele—A charming summer flowering plant, producing numerous leafy stems about 2½ ft. high, which are covered with deep crimson flowers. Pkt., 150 seeds, 5 cts.

Hunnemannia,

or Bush Eschscholtzia.

Known also as the Santa Barbara Poppy. An erect-growing, tender perennial, about two feet high. Foliage fine cut and petals very crumpled. Blossoms, beautifully cup-shaped, bright yellow, and about three or four inches across. Stems long and smooth. There are few more satisfactory flowers in the garden than the Hunnemannia.

Pkt., 150 seeds, 5 cts.

Burbanks, Santa Rosa Poppy

New Strain of Shirley Poppies.

This new strain is a mixture which is made up carefully so that there is a proper blending of the colors; some of the darker shades nearly approach blue or bluish purple—a color heretofore unknown in the Shirley Poppy.

Per Pkt., 300 seeds, 5 cts.

Scarlet Poppies, Tulip

Large, vivid scarlet blossoms, which have a dark spot at the base of the petal.

Pkt., 300 seeds, 8 cts.

Double Poppies, Mixed.

For dazzling richness and variety of colors, the flowers are unequalled. Simply scatter the seeds in the open ground and a mass of beauty will result which will be a constant source of pleasure.

Pkt., 300 seeds, 5 cts.

Iceland Poppies.

These fine perennial poppies produce flowers in great abundance the first year from the seed. The colors range from the purest white and yellow to the deepest glowing orange-scarlet, and have a delicious fragrance. For vase or house decorations they rank among the loveliest. Mixed colors.

Pkt., 200 seeds, 5 cts.

Poppy, The Shirley.

It is perfectly hardy and flowers the first year from seed. The flowers are large, exceedingly graceful and elegant; the colors are pure, soft and varied, and range from bluish white, rose, delicate pink and carmine, through innumerable tints to bright sparkling crimson. Pkt., 300 seeds, 5 cts.

TULIP-POPPY

Primula Sinensis; Chinese Primrose.

Many persons seem to think that Primulas are successfully propagated only in the greenhouse, hence we find amateurs often reluctant to attempt their culture. They are unequalled as winter bloomers, easily grown if the right conditions are observed, and give a succession of flowers throughout the season, and are prized for both their beauty and delicate fragrance. Single fringed, finest mixed. Pkt., 50 seeds, 10 cts.

Primula, Double.

Best mixed, all colors. Pkt., 30 seeds, 14 cts.

Primula Obconica.

Primula Obconica is near an everblooming plant as it is possible to obtain. It has been known to flower for over twelve months without a break. Pkt., 100 seeds, 5 cts.

Polyanthus, Primula Elatior.

Showy, early spring, free flowering plants, fine for either pot or outdoor culture, hardy perennials; 9 inches. The best single; all colors mixed. Pkt. 200 seeds, 5 cts.

Star Primula.

Primula Stellata Hybrida.

Many of the blooms are equal in form and purity of color to those of the Chinese Primula, and, as they last longer and the plants can be much more easily grown, they deserve to be widely cultivated. Of the seed now offered the mixture contains seven charming and distinct colors.

Pkt., 100 seeds, 8 cts.

The Mexican Primrose.

The superb colors, combined with airy grace and a beautiful form, make a flower which is almost perfection. The plant seldom grows over ten inches in height, but inclines to a trailing habit, sweeping its branches out over the ground, or drooping out over the sides of the pot, holding its large, silky flowers erect. As a window plant it combines great hardiness and ease of culture with unrivaled beauty and profusion of bloom. In the open ground it grows freely and profusely; will thrive well under any and all conditions and bloom the year round in pots, or during the spring, summer and fall in the garden.

Pkt., 100 seeds, 8 cts.

Rose, Multiflora True.

With seed of these new Roses, plants may be had in bloom in sixty days from the time of sowing. Plant at any time. They grow quickly and flowers appear in large clusters, and in such quantity that a plant looks like a bouquet. Perfectly hardy in the garden, where they bloom all summer. In pots they bloom both summer and winter. From a packet of seeds one will get Roses of various colors—white, pink, crimson, etc. No two alike and mostly perfectly double and very sweet. Pkt., 30 seeds, 8 cts.

Platycodon, Chinese Bell Flower.

Hardy perennials, producing very showy flowers during the whole season. They form large clumps and are excellent for planting in permanent borders or among shrubbery. Mixed blue and white. Pkt., 500 seeds, 5 cts.

Scarlet Sage, *Salvia Splendens*.

One of the grandest plants in cultivation, a bed of them surpassing the finest scarlet *Geraniums* in brilliancy and continuous bloom. The lower spikes often measure 10 to 12 inches in length, and there are as many as 200 spikes on a well grown plant. From the time they first begin to flower the plants are never out of bloom until killed by late frosts. It is easily grown from seed, and the purchase of plants should be abandoned.

Pkt., 100 seeds, 5 cts.

Salvia Bonfire.

This is one of the finest Scarlet Sages, growing in a compact bush about 2 feet high by two feet in diameter. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plant.

Pkt., 100 seeds, 10 cts.

Salvia Farinacea.

The plants form dwarf, compact bushes, with long spikes of beautiful blue flowers, which make a charming contrast when grown with the scarlet described above. Pkt., 100 seeds, 5 cts.

Salvia, Pure White, 2 feet high.

Pkt., 100 seeds, 5 cts.

Rhodanthe.

A lovely everlasting, either in the garden or for winter bouquets; flowers white, rose, crimson.

Pkt., 5 cts.

Racinus Zanzibariensis.

An entirely new class from Africa, with leaves often measuring two feet across; the seeds are marbled, speckled and spotted.

Pkt., 8 seeds, 5 cts.

Racinus Cambogiensis.

Large palm-like leaves of a brilliant, bronzy-red maroon color with large red veins.

Pkt., 10 seeds, 5 cts.

Racinus, Castor-Oil Bean.

Many choice varieties mixed. Pkt., 10 seeds, 5 cts.

Sunflower, Mammoth Russian.

Of gigantic dimensions, both flower and stalk. Oz., 5 cts.

Sunflower.

Chrysanthemum-Flowered. Grows seven feet high. Perfectly double, the color is the brightest golden yellow. The flowers are so perfect in form that they resemble very double *Chrysanthemum*-flowered *Asters* with long stems.

Per Pkt., 5 cts.; oz., 25 cts.

Stock, Ten Weeks.**The Largest Flowering Globe Pyramidal.**

Immense spikes of perfectly double flowers, pyramidal in shape, the individual blooms frequently measuring from 2 to 2½ inches in diameter, ranging in color from crimson, rose, white, blue, lilac, brown and yellow. They are greatly prized for cut flowers on account of their fragrance and diversity of colors. Pkt., 100 seeds, 5 cts.

**Stock, White Perpetual,
Princess Alice.**

The individual flowers are uncommonly large, of fine, rosette-like shape, and of the purest possible white. If sown early will produce a great abundance of bloom from June until November. Pkt., 100 seeds, 5 cts.

Stock, Peach Blossom.

The plants are of neat pyramidal habit of growth, crowned with magnificent beads of beautifully shaped, perfectly double, sweet-scented flowers of a delicate, peach-blossom color. For beauty and long continuance of bloom it is unsurpassed, and the delightful fragrance renders it very desirable for bouquets. Pkt., 100 seeds, 5 cts.

Stock, Dwarf German.

Flac mixed. Pkt., 100 seeds, 5 cts.

**Passiflora Gracilis.**

The "Fairy Passion Vine" is a charming annual; it has pretty light green leaves, and is a very dainty and graceful thing for hanging baskets, pots or trellises; will grow to a height of 10 to 12 feet out of doors. The flowers are white, followed by seed fruits, at first light green shaded white; when ripe they turn bright shining red and burst open, disclosing fiery scarlet seeds; the entire plant becoming covered with these fruits. The effect is very pretty indeed.

Pkt., 20 seeds, 10 cts.

Schizanthus, Butterfly Flower.

Elegant and very free blooming annuals; of much interest and beauty, and when well grown rival the orchids in singularity of colors and markings. The large flowers are spotted with crimson, lilac, purple and yellow, and the petals are cut in a picturesque manner. In pots in the conservatory or house, few plants are more attractive; also elegant in a bouquet or vase, and fine for bedding.

Pkt., 500 seeds, 5 cts.

Notice For list of plants
and roses see
Floral Culture.

Salpiglossis, Velvet Flower.

The graceful flowers, borne on long stems, range in color from the most delicate shades of light blue and straw color to the deepest purple and the richest brown and maroon.

The quaint, funnel-shaped flowers somewhat resemble those of the Petunia, and are borne in great profusion. The metallic gloss and distinct veining of the petals present almost the appearance of jeweled enamels. Large flowering, mixed.

Pkt., 300 seeds, 5 cts.

Smilax.

One of the most desirable window vines on account of its charming glossy green, elegant and graceful foliage. It will grow several feet high the first season. Started in spring, it affords elegant trellis plants for the house in winter; also fine for hanging baskets. Pkt., 50 seeds, 5 cts.; $\frac{1}{4}$ oz., 18 cts.

Sweet William, Dianthus Barbatus.

The Sweet William is one of the finest flowering plants among the hardy perennials. The flowers have a wide range of bright colors and varied markings, including the finest auricula-eyed varieties. Single and double mixed.

Pkt., 200 seeds, 5 cts.

Scabiosa, New Golden Yellow.

The color has long been desired in the Scabiosa family and is now obtained after years of selections. The flowers are double, of a fine, pure yellow color, and are charming for Bouquets. The plants are semi-dwarf and very free blooming.

Pkt., 50 seeds, 5 cts.

Snowball Scabiosa.

The flowers are very large, measuring fully two inches in diameter, of purest white and very double. It comes quite true from seed.

Pkt., 50 seeds, 5c.

Scabiosa, Double Black.

A new variety, with elegant double black, purple flowers, so deep in color as to appear nearly coal black.

Pkt., 50 seeds, 5 cts.

Scabiosa.

Mixed double, all colors.

Pkt., 100 seeds, 5 cts.

Scabiosa Japonica.

A hardy perennial variety from Japan, forming bushy plants $2\frac{1}{2}$ to 3 feet in height and bearing on long, wiry stems beautiful artistic lavender-blue flowers 2 to $2\frac{1}{2}$ inches across. The plants are extremely floriferous, producing a continuous crop from the end of June until late in autumn. A fine cut flower.

Pkt., 50 seeds; 10 cts.; 3 pkts., 25 c.

SWEET PEAS, SPENCER HYBRIDS.

Giant Orchid Flowering Type.

In this we have a new class of Sweet Peas which has attracted much attention for the last three or four years. Flowers of enormous size with both standards and wings waved and fluted, while the flowers are loosely and gracefully set on the stems; plants healthy and vigorous, and produce strong-stemmed flowers of great substance. The perfect-formed blossoms often measure two inches across. Illustrated on front cover of catalogue. (I trust that all Sweet Pea lovers will plant a few at least of the beautiful Spencer type.)

Asta Ohm Spencer.

This is the first lavender of the true Spencer type. The flowers are very large, waved and fluted in standard, with large, thoroughly waved wings. The stems are long and sturdy, each stem bears four flowers. The color throughout is a soft lavender, suffused with mauve. It comes absolutely true. Pkt., 30 seeds, 10 cts.; 3 Pkts., 25 cts.; oz., 80 cts.

White Spencer.

Flowers absolutely pure white, standards waved, crinkled and fluted; 3 to 4 blossoms to a stem; stems 12 to 15 inches in length. Pkt., 50 seeds, 10 cts.; oz., 20 cts., $\frac{1}{4}$ lb., 35 cts.; lb. \$1.

King Edward Spencer.

This grand Novelty is the nearest approach in color to the popular King Edward VII in the Spencer type. The enormous flowers are frilled, waved and crinkled. The unusually large wings make the flowers appear truly gigantic in size. The standard is deep rich carmine-scarlet of glossy effect. The wings are also carmine scarlet and on the reverse side are of a deep rose carmine. The stems are twelve to fifteen inches long and frequently carry four fine blossoms, while the majority bear three flowers. The stems are thick and heavy, the vines vigorous and thrifty. Pkt., 30 seeds, 10 cts.; 3 Pkts., 25 cts.; oz., 80 cts.

Othello Spencer.

This beautiful Sweet Pea of the true Spencer type will appeal to those having a preference for the darker colors. The flowers come uniformly true to type, being beautifully waved or crinkled both in standard and wings. The stems are thick and long and carry three or four fine blooms of a rich deep maroon. Pkt., 30 seeds, 10 cts.; 3 Pkts., 25 cts.; oz., 80 cts.

Menie Christie Spencer.

This is a most beautiful and distinct new variety of the Spencer type. Both the large fluted standard and wavy wings are of the same color, a lovely ruby-rose with a slightly deeper shade in the standard. The grand large flowers present a most striking color effect, with a wonderful satiny sheen on the petals. Pkt., 50 seeds, 10 cts.; oz., 20 cts.

Countess Spencer. True.

The color is a soft rose-pink, which deepens at the outer edges and becomes still richer or more heavily suffused in cool weather. In size, form, and coloring, Countess Spencer is simply exquisite. The plant is a strong vigorous grower, and the large flowers are borne three and four upon long stiff stems. Pkt., 40 seeds, 10 cts.; oz., 20 cts.

SWEET PEAS, Countess Spencer Hybrids, The New Orchid-Flowering Sweet Pea—Here we have a new and distinct type and form of Sweet Peas. The flower stems are unusually long and the flowers are so set on the stem that there is a graceful fluidness to a bunch of them in distinct contrast to the ordinary kinds of Sweet Peas. Mixed colors.

Pkt., 100 seeds, 10 cts.; oz., 150 cts.

NOTICE: One package each of the 7 Spencer Varieties for 55 cents.

Miss Lippincott:

The seeds received in March are up and plants doing nicely. The Clematis came last of April and every plant is growing. Now I will try a few roses, and am anticipating as good success with them as the others.

Wishing you a prosperous year.

Sumnerfield Kansas, 5-13-10.

Very sincerely yours,

Mrs. Wilson R. Brown.

Miss Lippincott

I ordered seed from you last year and I had the most beautiful flowers I ever saw and will always send to you for seed.

Respectfully,

Mrs. Frank Esmay.

March 8, 1910.

621 Woodford St.

Missoula, Mont.

Grandiflora Type.

APPLE BLOSSOMS—Bright, rosy pink standards, blush wings.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.

AMERICA—Heavily striped with bright blood red on white ground.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.

ADMIRATION—A grand, large flower of beautiful form, self-colored in delicate shade of rose lavender; a free bloomer.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.

BLANCHE FERRY—Beautiful combination of pink and white, very fragrant.

Pkt., 100 seeds, 5c; oz., 10c.

COUNTRESS OF RADNOR—Standard light mauve, fading into a soft lavender; wings a lighter shade.

Pkt., 100 seeds, 5c; oz., 10c.

COQUETTE—Deep primrose shaded fawn.

Pkt., 100 seeds, 5c; oz., 10c.

COUNTRESS OF POWIS—A glowing orange, suffused with light purple; very novel.

Pkt., 100 seeds, 5c; oz., 10c.

DOROTHY ECKFORD—The finest pure white yet produced, bearing three blossoms on a stem.

Pkt., 100 seeds, 5c; oz., 10c.

JANET SCOTT—Rich pink; considerably deeper than Katherine Tracy.

Pkt., 100 seeds, 5c; oz., 10c.

OTHELLO—Deep maroon; an improvement on Black Knight.

Pkt., 100 seeds, 5c; oz., 10c.

SALOPIAN—Burpee's Sunproof. Flowers of large size, beautifully rich, deep glowing crimson, tinged with orange scarlet. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MRS. JOS. CHAMBERLAIN—One of the largest and handsomest of Eckford's novelties. The color is very effective, the whole flower having a white ground which is heavily striped with rose. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MAID OF HONOR—Flowers beautifully shaded light blue on white ground, edged with narrow, deep rich violet. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MISS WILLMOTT—Richest orange-pink flowers, measure 1 1/5 inches across, and are borne on long, stiff stems, 12 to 16 inches long. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MRS. DUGDALE—One of the largest flowered of all Sweet Peas. Light carmine-rose, with faint markings of primrose. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

KING EDWARD VII—The best red Sweet Pea up to date. An improvement on Firefly.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.

LADY GRISEL HAMILTON—Light lavender, with azure blue wings; very dainty.

Pkt., 100 seeds, 5c.; oz., 10 cts.

NAVY BLUE—A most distinct and striking color in Sweet Peas. The general effect is of a rich deep, true blue, though on close examination the shades in the standards is a deep lavender-purple, suffused throughout with a faint tint of claret or wine-red, while the wings are a rich violet purple. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

LADY NINA BALFOUR—Large, expanded form with flowers beautifully hooded; both standards and wings are well rounded and broadly spreading. Coloring a pale lavender or lilac, free from any reddish tint, and when gathered in bunches gives the effect of mouse tint.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.

LOVELY—Standard and wings both deep pink shading to very light pink at edges. Large size, hooded form. Very vigorous grower, usually four blossoms to the stem. It is a very effective variety. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Sweet Peas—Continued.

- VENUS**—Of the largest expansion form; color, a rich salmon-buff.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- PRINCE OF WALES**—A bright, self-colored, deep rose flower of grand size and beautifully hooded form; frequently four on a stem. A greatly improved Her Majesty; one of Eckford's finest. Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- TRIUMPH**—Flowers of grand, large size and most beautiful coloring. Standard stiffly erect, broadly expanded; color white, suffused with salmon-pink, tinted with carmine at the base; wlags widely spread, delicately veined with rose carmine, shading to deep rose in the center.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- THE HON. MRS. E. KENYON**—A beautiful shade of light primrose yellow.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- DUKE OF WESTMINSTER**—Standard clear purple. Wings purple with tint of violet. Large size, hooded form. Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- SCARLET GEM**—The color is almost dazzling scarlet, beautiful, bright and clear; a color much to be desired both for home table decoration and for exhibition. It also shows well in artificial light, which is an immense advantage. It is strong in growth, with sturdy stems, and wonderfully free flowering. Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- JESSIE CUTHBERTSON**—Creamy white, striped dark rose. Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- NEW DOUBLE SWEET PEA**—Double Sweet Peas are of incomparable beauty. The plants are of extremely robust growth, producing a lavish profusion of richly fragrant flowers. Flowers are extra large, frequently measuring over two inches across. They will not all come double, but if the plants are growing strong and luxuriant they usually produce 20 to 40 per cent. of double blossoms. Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- SWEET PEAS, Best New Mixed**—Owing to a special demand for all the new and finer varieties, I have selected all the large flowering and most distinct sorts especially for those that can afford to pay for the scarce and rarer varieties that heretofore have been too expensive to include in a mixture, comprising in all some 25 or 30 named varieties. This I call my Best Mixed, and I can particularly recommend it as extra choice and fine.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 25 cts.; 1 lb., 90 cts.
- SWEET PEAS, Fine Mixed**—This strain, although not embracing the new seedlings, contains a beautiful assortment of the famous Eckford Sweet Peas.
Pkt., 100 seeds, 5 cts.; oz., 8 cts.; ¼ lb., 20 cts.; 1 lb., 65 cts.
- NEW DWARF PINK CUPID SWEET PEA**—Bears generally three and sometimes four flowers to a stem. The flowers are identical with the tall growing Blanche Ferry, and are fully equal in size. The standard is a light rose pink, while the wings are pure white and light pink.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- NEW DWARF WHITE CUPID SWEET PEA**—Grows but 5 inches high and blooms so freely for months that it appears a perfect mass of white—the leaves being quite hidden. The flowers, of fine form and large size, are of the most perfect white; and the plants remain in full bloom two months longer than any other Sweet Pea. Pkt., 100 seeds, 5 cts.; oz., 10 cts.
- CUPID SWEET PEA, Mixed Colors**—100 seeds, 5 cts.; oz., 10 cts.

One packet each of the entire collection of Grandiflora Sweet Peas, 33 pkts., for \$1.10. Including the Spencer types, \$1.60. Any 3, 5c pkts., for 10 cts., and any 4 10c oz's for 25 cts.

Perennial Peas, Lathyrus.

They do not have the delicious fragrance of the Sweet Peas, but they are equally beautiful. They are perfectly hardy and live year after year bearing magnificent clusters of flowers, and bloom early in the spring. Pkt., 50 seeds, 5 cts.

Violet, Viola.

The violet should not be wanting in any garden, on account of its fragrance and early appearance. A single flower will perfume a whole room. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest mixed. Pkt., 150 seeds, 5 cts.

Miss Lippincott:

The seeds I received from you as samples were all you claim for them and I was certainly well pleased with them.

Yours respectfully,

Ekalaka, Mont., Feb. 7, 1910.

Mrs. Henry Viles.

Mammoth Verbena.

Flowers of unusual size, single flowers sometimes being as large as a twenty-five cent piece, while the clusters of bloom are magnificent and the range of colors more vivid than in any other mixture. For garden beds or massing, the Verbena is unrivaled; flowers of the most brilliant color, blooming continually from spring until late in the autumn. Although perennials, they bloom profusely the first season from seed.

Pkt., 100 seeds, 6 cts.

Pure White Verbena.

Candidissima.

A fine strain of large flowering, pure white Hybrid Verbenas; trusses large and borne freely at all times; always comes true from seed.

Pkt., 100 seeds, 5 cts.

Striped Verbena.

Very showy striped flowers of many bright colors.

Pkt., 100 seeds, 5 cts.

Defiance Verbena.

True, brightest scarlet.

Pkt., 100 seeds, 5 cts.

Verbena.

Primrose yellow.

Pkt., 100 seeds, 5 cts.

Verbena Odorata.

This lovely Verbena is hardy; seed may be sown in the open ground early in the spring. The blossoms, instead of being in clusters, run up into spikes three or four inches long, and are very sweet scented. Pkt., 100 seeds, 5 cts.

Lemon Verbena.

This elegant, fragrant plant is easily grown from seed and succeeds anywhere. Have a good bed of it in the garden every summer, that you can cut its fragrant foliage and flowers to mix up with bouquets. Pkt., 100 seeds, 5 cts.

**One Packet each of the entire collection of Verbenas,
(7 pkgs.) for 25 cents.**

Wall Flower, Double Mixed.

Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate and orange, purple predominating. Pkt., 50 seeds, 6 cts.

Wall Flower, Single Parisian.

Wall Flowers are the most delicately fragrant of all garden flowers; their cultivation has been restricted, however, because they did not bloom until a year after the seed was sown. This new annual variety will flower throughout the summer and fall from seed sown the same spring. Everyone should now grow some and enjoy the pleasing fragrance of the cinnamon-colored flowers.

Pkt., 100 seeds, 5 cts.

**New Giant Zinnias.**

A new class of Zinnias, giant in size and perfectly double flowers of the richest and most varied colors and shapes. The plants grow about three feet high and bloom freely during a long period, making them particularly valuable for large groups. Pkt., 100 seeds, 6 cts.

Pure White—Snow Ball. .Pkt., 100 seeds, 5 cts. Golden YellowPkt., 100 seeds, 5 cts.
Dwarf Scarlet—Fireball. .Pkt., 100 seeds, 5 cts. Zinnia—Choece dbl.mxd. .Pkt., 100 seeds, 5 cts.

Zinnias, Double Lilliput.

Dwarf, compact bushes, bearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which cover the plant during the entire summer and until frost sets in. The flowers embrace a wide range of both light and dark colors, evenly distributed. Pkt., 100 seeds, 5 cts.

One Packet each of the 6 varieties of Zinnias for 25 cents.

Wild Cucumber. Annual.

For covering porches and trellises.Pkt., 20 seeds, 5 cts.; oz., 20 cts.

Conkey's Ant Chaser.

Especially made for driving ants from the lawn. It acts at the same time as a splendid fertilizer for the grass. Can also be used in the house where ants are encroaching. Not poisonous for animals. Two sizes—price 40c and 75c, express paid.

In offering Conkey's goods I can assure my customers that they are the best obtainable and are absolutely reliable and guaranteed.

A Beautiful Lawn.

With its close, velvety turf, is a most essential feature in the adornment of all suburban homes. Without it the finest flowering plants and bedding seem insignificant, while with it handsome grounds are assured even with no other adornment.

Lawn Grass Seed.

Is composed of a mixture of grasses best adapted to produce a permanent and fine turf, so that a rich, deep, green, velvety lawn is constantly maintained. Bear in mind, my finest quality Lawn Grass seed runs 20 lbs. to the bushel and is the best mixture on the market for the money.

Shady Place Grass.

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places. For sowing in such places we recommend the use of this special mixture. It will quickly produce an abundance and even growth of beautiful grass. The grasses used in making this special mixture are only those that are well adapted for growing in the shade. It has been successfully used where a green sward was desired on land partially shaded by old trees.

Quart, 35 cts.; 2 Quarts, 60 cts.; Peck, \$1.50; Bushel, \$6.00.

White Clover.

This thrives in almost every soil and climate, succeeding equally well on heavy moist land and thin dry hillsides. It is of low-creeping growth and most valuable for green velvet lawns.

45 cents per lb. prepaid.

Lawn Grass Seed by peck or bushel by express at purchaser's expense, and on all orders by mail for more than 2 quarts, please add 5 cents per quart to cover postage.

Conkey's Poultry Book.

The recognized authority on the care, handling, feeding and housing of poultry, so as to insure profit. This greatly enlarged, up-to-date volume contains everything that the poultryman ought to know.

Facts, Not Fads or Theories.

Written by men who have studied the poultry industry, both as raisers and from a laboratory standpoint. Contains instructive articles on the Housing, Feeding and Care of Poultry and hundreds of other interesting subjects. This instructive dollar-making book is sent **ABSOLUTELY FREE** if you will send 4 cents in stamps to pay the postage.

Kind Friend:

Am sending my usual order for a few flower seeds. Have tried Aster seed from other seed houses but while the blossoms are large and pretty, yet they cannot compare with those I received from you. Your seeds never disappoint. This makes about ten years that I have bought flower seed from you. Wishing you success in your new home, I remain

Yours, For Pretty Flowers,
Mrs. Edw. Curran,
Redford, Mich.

Apr. 7, 1910.

I have used your seed for two years and like them the best of any I ever used. Yours truly,

Mrs. H. O. Van Horn
Lost Creek,
W. Va.

My Dear Miss Lippincott:

I wish to thank you for the pleasure we derived from the Cobaea Scandens I raised from your seed last summer. The entire plant, bud, blossom and flower was lovely and a novelty as well. We gathered the last flowers at Thanksgiving. I had very good success with all of your seed, of every variety that I planted.

Yours truly,
KATHERINE WORDEN.
Brooklyn, N. Y.

VEGETABLE SEEDS.

ASPARAGUS, Columbian Mammoth White—This large-stalked strain produces white stalks above the surface, which are nearly as fine flavored as the best green-stalked.

Pkt., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.

BET, Detroit Dark Red—Form Globular or ovoid; smooth roots, with small tops; skin blood-red; flesh dark red, zoned with a lighter shade, tender and sweet. Pkt., 5 cts.; oz., 10 cts.

SWISS CHARD, or "Spinach Beet," Large-Ribbed White—This variety does not make edible roots like the regular garden beets, but is grown for the broad white leaf-stalks, which are bunched and cooked in the same manner as asparagus, and make a delicious summer vegetable. The young leaves may be gathered also and cooked like spinach. Pkt., 5 cts.; oz., 10 cts.

BEAN, Giant Stringless Green-Pod Valentine—This is about a week later than the Extra Early Valentine and makes an excellent succession to Burpee's Stringless Green-Pod when planted at the same time. The plants are of strong growth; pods slightly curved, very meaty, being broadly rounded and saddle-backed; brittle and stringless at all stages. Pkt., 10 cts.; pint, 30 cts.

BEANS, Davis' White Wax—Immensely productive, bearing large, handsome straight pods six inches in length. The pods are, however, tough and with decided strings. The dry seed being white, is desirable for winter market as a shelled bean. Pkt., 10 cts.; pt., 25 cts.

BEANS, Prolific Dwarf Black Wax—Dwarf bush grown and very prolific. Pods four to five inches in length, usually curved, quite round; meaty, brittle and stringless; deep golden yellow, of excellent flavor. Pkt., 10 cts.; pt., 25 cts.

BEAN, Burpee's Bush Lima—Burpee's Bush Lima comes absolutely true from seed. The bushes grow 18 to 20 inches high, of stout growth and always erect, yet branching so vigorously that each plant develops into a magnificent circular bush from two to three feet in diameter. It is an immense yielder, the handsome large pods being well filled with very large beans, identical in size and luscious flavor, with the well-known large Pole Limas. Pkt., 10 cts.; pt., 30 cts.

BEANS, Kentucky Wonder—The pods, seven to nine inches long, are so fleshy that they are greater in width than breadth, being deeply creased or "saddle-backed." They are solidly meaty, stringless when young, and of finest quality. If pods are gathered as they mature, the vines will continue to bear to the end of the season. Pkt., 10 cts.; pint, 30 cts.

CABBAGE, Early Summer—It makes large, solid, round flattened, compact heads, of excellent quality. It is particularly true in the color of the plant, which has a peculiar bluish tinge. Pkt., 5 cts.; oz., 20 cts.

CABBAGE, Hollander or Dutch Winter. The best Cabbage for late spring sales and for shipping. This has become known as the most reliable Cabbage for the shipping trade, and has been almost universally used in districts famous for Cabbage growing. The heads are of medium size, averaging about 8 lbs., and are very solid, and in their fine white color entirely distinct from other kinds. While the quality is good they are uniformly excellent keepers, the heads being often just as solid and perfect when taken out in the spring as when put away in the fall.

Pkt., 10 cts.; oz., 35 cts.

CABBAGE, Mammoth Rock Red—The best large Red Cabbage. A sure header, of good red color to the center. Pkt., 5 cts.; oz., 25 cts.

CUCUMBER, Extra Early White Spine—This is a special strain of the popular White Spine Cucumber, which is most desirable for its extreme earliness. Pkt., 5 cts.; oz., 15 cts.

CUCUMBER, London Long Green—This is an old-time popular garden favorite. Our carefully selected strain under favorable conditions, produces fruits averaging 10 to 12 inches in length. Skin a deep rich green; flesh solid, crisp and of excellent quality. This extra selected strain of the original type can be depended upon to produce the true long dark-green fruits—excellent alike for slicing or pickling. Pkt., 5 cts.; oz., 10 cts.

CARROT, Chantenay, or Model—A very popular variety for general purposes; 5 to 6 inches long; very stump-rooted; about 3 inches thick at shoulder; tapering slightly; bright orange scarlet. Pkt., 5c.; oz., 10c.

CARROT, Danver's Half-Long—The best variety for general purposes and the most largely used, not only for stock raising, but for table use as well. The perfect type is about eight inches long and about two and a half inches wide at the shoulder, tapering to a sort of half-point at the bottom. Color is a bright orange-scarlet. It is a very heavy cropper.

Pkt., 5 cts.; oz., 10 cts.

CRESS, Fine Curled. (Pepper Grass)—Quick growing; leaves finely cut and feathery, like a good parsley; growth dwarf and compact; ornamental, crisp and pungent; very refreshing. Pkt., 5 cts.; oz., 10 cts.

CAULIFLOWER, Early Snowball—This is a popular extra early strain of dwarf compact growth. Under favorable circumstances nearly every plant will make a fine solid head of good size. It is valuable for both early and late. Pkt., 15 cts.; $\frac{1}{2}$ oz., \$1.00.

CORN, Early Cory—This popular extra early variety succeeds well where the summer is short, and moist. Ears six inches in length, with eight rows of quite broad grain. The cob is red.

Per pkt., 10 cts.; pt., 25 cts.; qt., 40 cts., postpaid.

CORN, Country Gentleman—This late or multi-crop variety is the result of a cross of the Ne Plus Ultra with the Stowell's Evergreen, producing a larger ear than the former, but retaining its productiveness, similar superb quality, and irregular "shoe-peg" arrangement of the crowded, slender, deep grains. The ears, being so much larger than those of the original type, are more desirable as a market variety.

Per pkt., 10 cts.; pt., 25 cts.; qt., 40 cts., postpaid.

CORN, Golden Bantam—Of extreme hardness, can be planted earlier than any other true sweet corn, and will then produce the earliest supply of ears for the table. The ears are about six inches in length, completely filled with eight rows of golden-yellow grains, extending to the rounded tip. The flavor is exceptionally rich and sugary. Pkt., 10c; pt., 25c; qt., 40c.

VAUGHAN'S BLACK SUGAR CORN—The Black Sugar is an Eastern grown selection from the Black Mexican variety, long a favorite wherever known because of its remarkable sweetness. To increase its desirability for the home garden, our grower has made for us a selection of the earliest maturing ears. For one who has never grown this corn, its quality is a revelation. Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.

EARLY MINNESOTA—An old favorite, extra early Sweet Corn. Somewhat outclassed now as an extra early by the Mammoth White Cory, but, nevertheless, following it very closely. 8 to 10 rowed variety of excellent quality, large white grains and is immensely popular because of its being extremely productive. Good for market, home and canning use.

Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.

CELERY, Golden Self-Blanching. The best of all early "self-blanching" varieties—it is of dwarf compact habit, with thick, solid, heavily ribbed stalks which blanch easily to a clear waxen yellow. When grown in rich moist soil the stalks are numerous, each plant being fully as thick through as the largest of the tall late sorts, and with a large solid heart of beautiful golden-yellow stalks and leaves. Pkt., 10 cts.; oz., 45 cts.

EGG PLANT, Improved New York, Large Purple—This is the very best type of this standard variety. Absolutely spineless; the plants grow

low, stocky and branching; early and almost continuous bearer. The fruits are very large, smooth and have a rich satiny purple color. We make the most careful selection possible of our stock plants. Pkt., 10 cts.; ½ oz., 20 cts.; oz., 30 cts.

LETTUCE, Hanson—A fine, large-headed variety. Leaves curled on the edges; light yellowish green in color. The head is crisp and brittle, and flavor excellent. Is the very best garden variety in existence, and much the finest variety of its class. Pkt., 5 cts.; oz., 15 cts.

LETTUCE, Early Curled Simpson—A loose-bunching sort, forming no definite head. Is crisp, and tender, light green in color. Is very hardy and easy to grow. Pkt., 5 cts.; oz., 15 cts.

MUSKMELON, Osage—A salmon-fleshed variety. Skin deep green, slightly netted and ribbed. Pkt., 5 cts.; oz., 10 cts.

MUSKMELON, Extra Early Hackensack—An early variety with almost globular fruit, which is heavily ribbed and heavily netted. Flesh thick and light green. Pkt., 5 cts.; oz., 15 cts.

ONION, White Globe—A very handsome, silvery-white, ball-shaped Onion of large size. Flesh firm, fine grained, of mild flavor and an excellent keeper. Its even, regular size and globular form, combined with the clear silvery whiteness of the skin, make it one of the handsomest onions grown. Owing to its large size it is late in ripening. Pkt., 10 cts.; oz., 35 cts.

ONION, Large Red Globe—Perfectly globe-shaped, of large size; the outer skin is of an intensely deep dark blood red. They are splendid keepers. Our strain is extra fine,—absolutely unsurpassed. Pkt., 10 cts.; oz., 25 cts.

PARSNIPS, Long Smooth or Hollow Crown—Tender, sugary, and considered the best for general cultivation. Parsnips are improved by remaining exposed to the frost. Pkt., 5 cts.; oz., 10 cts.

PARSLEY, Double Curled—Fine, dwarf, crimped leaves. Pkt., 5 cts.; oz., 10 cts.

PEPPER, Ruby King—A popular variety of the Bell or Bull Nose type. The fruit is large, glossy red, and the flavor is mild and sweet; a desirable variety for slicing and stuffing.

Pkt., 5 cts.; oz., 25 cts.

PEPPER, Red Japan Cluster—This variety is very productive. The fruits are small, thin and very hot. Pkt., 5 cts.; oz., 25 cts.

PEPPER, Sweet Mountain—It is a strong grower, very productive. The peppers when young are of a bright green color, without any shade of purple; when ripe they are of a beautiful red; the flesh is thick, sweet and mild. They often grow six inches long by four inches through. Pkt., 5 cts.; oz., 25 cts.

- PEAS, Telephone**—Immensely productive and of the finest quality. Vines very strong, averaging 18 to 20 pods per stalk. The pods are of large size, containing 6 to 7 peas each, which are of a pale green color, and are closely packed in the pod, and of a most delicious flavor. A valuable feature of this variety is that it continues in bearing for an extremely long time; height three and one-half feet. Pkt., 10 cts.; pt., 30 cts.
- PEAS, Burpee's Best Extra Early**—Equally as early as the choicest stock of Alaska, the peas are much better in flavor. The vines are quite slender, of very quick growth, and average 18 to 24 inches in height. The pods are well filled and the entire crop can be gathered generally in one picking. Undoubtedly the best of all Extra Early Peas! When planted exclusively, sowing should be made every week to insure a constant supply of fresh and young pods. Pkt., 10 cts.; pt., 30 cts.
- PEAS, American Wonder**—Of extremely dwarf growth, only 8 to 10 inches high, this is nearly as early as Alaska. The pods are filled with luscious large wrinkled peas of first-class quality. Pkt., 10 cts.; pt., 35 cts.
- PUMPKIN, Small Sugar**—A handsome, prolific variety; fruits of all sizes; averaging about 10 inches in diameter; flattened or slightly ribbed; of excellent keeping qualities; skin deep orange yellow, flesh sweet. Pkt., 5 cts.; oz., 10 cts.
- RADISH, Early Scarlet Turnip**—A valuable variety for forcing or out-door culture, is a small turnip-shaped variety, and in color entirely crimson. Pkt., 5 cts.; oz., 10 cts.
- RADISH, French Breakfast**—Color, bright carmine, with clear white on the lower portion; very tender and mild. Pkt., 5 cts.; oz., 10 cts.
- RADISH, White "Tetele"**—The finest and longest of the very early pure white varieties.—Planted in spring the radishes are ready for use in twenty to twenty-five days; their long slender form and pure paper-white skin are most attractive when bunched for market. This radish is not only crisp and tender when young but retains these qualities until the roots attain large size, so that it will remain in fine condition longer than any other first-early variety. It is excellently adapted for forcing purposes or successive sowing in the open ground. Pkt., 5 cts.; oz., 10 cts.
- SALSIFY OR VEGETABLE OYSTER, Long White**—The well-known standard. Pkt., 5c.; oz., 10c.
- SPINACH, Victoria**—The foliage is heavy, the broad dark green leaves being of the true Savoy appearance and of the finest quality. It remains in prime condition from two to three weeks after all other varieties have run to seed. Pkt., 5 cts.; oz., 10 cts.
- SQUASH, Hubbard**—The most popular and widely used of the winter squashes. Fruit is oblong and pointed, heavily warted, dark green in color, with orange-colored flesh. Is remarkable for its keeping qualities. Pkt., 5c.; oz., 10c.
- SQUASH, Early White Bush Scalloped**—The plants are of true bush growth, producing fruit ready for use very early in the summer. Pkt., 5 cts.; oz., 10 cts.
- SQUASH, Golden Summer Crookneck**—Plants of true bush growth, very early fruiting and productive. The squashes are of the crookneck type, rich golden yellow, thickly warted. Pkt., 5 cts.; oz., 10 cts.
- TOMATO, Ponderosa**—This is the largest-fruited Tomato and is of fine quality for slicing. The vines are of strong growth; fruits largely oblong in form, deep through, and generally ridged or ribbed; deep purple in color. They are solidly fleshy with small seed cells; of fine sweet flavor. Planted in good soil, pruned to a single stem, fruits frequently attain a weight of one pound or more. Pkt., 10 cts.; oz., 30 cts.
- TOMATO, Burpee's Matchless**—The color is rich cardinal red. The skin is so tough that it is a splendid keeper and shipper and is less liable to crack in wet weather than any other tomato. Unsurpassed for market or the table. The plant is a strong grower and is very productive, bearing with undiminished vigor until frost. The fruit is free from core, and the seed spaces are comparatively small. Pkt., 5 cts.; oz., 25 cts.
- TOMATO, Chalk's Early Jewel**—The largest and smoothest of the extra early red tomatoes. Somewhat later, a week or ten days, than Earliana, the fruits are larger and smoother. The lines grow very compactly, are immensely productive and better still, bear continuously throughout the season, in which respect it far surpasses Earliana. Pkt., 5c.; ½ oz., 15c.; oz., 25c.
- RUTA BAGAS, or "Swedish" Turnips**—These Swedish or Russian Turnips require a longer season in which to grow than do the turnips, and with us the seed should be sown about the first to the middle of July to make large hubs. The flesh is more solid and richer in flavor than that of the turnips, and they will keep in fine condition more readily during the winter months. Pkt., 5 cts.; oz., 10 cts.
- TURNIP, Golden Ball, or Orange Jelly**—Very tender and of fine flavor. Pkt., 5 cts.; oz., 10 cts.
- TURNIP, White, Early, Flat Dutch**—Strap-leaved. A medium sized, flat variety; clear white, early and of fine flavor. A fine table variety. Pkt., 5 cts.; oz., 10 cts.
- WATERMELON, Fordhook Early**—Without a rival. This is the earliest large-fruited melon in cultivation. These fruits are of good size, rather short and bloomy in form, with large diameter. Skin dark green, occasionally with faint strips of lighter green. Flesh bright red, crisp, sweet and of splendid quality. Rind quite thin, but skin tough. Pkt., 5 cts.; oz., 10 cts.
- For larger quantities of vegetable seeds, write for prices.

ROSES—HOW TO GROW THEM.

SITUATION.—Good Roses may be grown in almost any soil and position; but if the highest quality is desired, it is necessary to select an open, sunny position, sheltered from north winds, and clear of all roots of trees and shrubs.

PREPARATION OF THE BEDS.—Roses will grow and give good returns in any fertile, well-drained ground; but it is worth while to use some care in the preparation of the beds, as the general health of the plants, quantity and quality of bloom usually more than repays the extra care expended on this detail. The best soil for Roses is sod from an old pasture and well rotted cow manure. Dig out the bed to a depth of two or three feet, and, if drainage is imperfect, it must be provided for by putting six inches to a foot of broken stones, cinders, or any rough material in the bottom. Fill in with a mixture of soil and manure as above. It is best to make the beds some time in advance of planting, to allow time for settling. After the soil is settled, it should be about an inch below the level of the adjacent surface; make the beds not over three and a half feet wide, which enables you to pick the blooms without stepping on the bed.

Newest Climbing Rose.

Blue Rose.

VEILCHANBLAU.

(Violet-blue seedling from Crimson Rambler)

After years of effort rosarians have been rewarded by the production of a blue rose, which will be welcomed with the greatest interest by all lovers of the garden. This new climbing rose surpasses all others of recent introduction in having a pure blue color.

The flowers appear in large clusters, after the manner of the Crimson Rambler, are semi-double and of medium size. Upon first opening, the color is partly bright red and partly bright rose, turning soon to a steel blue. The color is best described by saying that it resembles that of early violets. This variety is a strong grower, has shining green foliage and few thorns. It has not been troubled by mildew and is classed among the hardest climbing roses, withstanding the winters very successfully.

All rosarians will want this new rose. Be the first in your neighborhood to show this grand new novelty. I shall have nicely rooted plants ready for delivery May 15; if your order reaches me before that date will book same and mail at that time. 16 cts. each or 2 for 30 cts.

Rose, "Flower of Fairfield,"

The Everblooming Crimson Rambler.

For many years past it has been the endeavor of every rose grower to produce a climbing variety that would be of perpetual flowering habit. The many beautiful varieties of Rambler Roses were valuable acquisitions, but none of them could be called perpetual or everblooming, they producing only one crop of flowers during the season. The Flower of Fairfield, however, is correctly termed a perpetual blooming variety. It commences flowering in the spring or early summer, and produces repeated crops of bloom until late in the autumn. It is a sport from the famous Crimson Rambler; it is of the same color, if not a shade more brilliant, and has better resisting power to the sun. Flower of Fairfield blooms very profusely on young wood the first year after planting. It is very effective for covering walls, trellises or arches, and is equally attractive for table decoration or other use as cut flowers. It has been taken up very enthusiastically by the florists in both Europe and this country, and we anticipate a demand that will far exceed the available supply this season. 16 cts. each or 2 for 30 cts.

Goldfinch, a New Sweet Scented Rambler.

This is a valuable new Rambler Rose, of quite decided yellow tinge. It was exhibited at numerous rose shows in England, and created quite a sensation. The flowers are a deep, orange-yellow in the bud, the opening flowers being a soft yellow, passing to lemon and lemon white as they fade. Unlike most Rambler Roses, the flowers are sweet scented. The habit of growth is very vigorous like all the ramblers. The foliage is glossy, healthy, and very attractive. It is unquestionably a valuable addition to its class. The flowers are produced very profusely in elegant clusters and are of good average size. Given an award of merit from the Royal Horticultural Society at the Holland House rose show, London. 15 cts. each or 2 for 28 cts., postpaid.

Mrs. Cutbush, the New Baby Rose. Color, Peach-Blossom Pink.

MRS. WM. H. CUTBUSH, a new baby rose of an entirely distinct color,—light pink. Of the same attractive habit of growth and profuse flowering habit as the other baby roses. The flowers are borne in huge trusses throughout the entire summer and autumn and completely cover the entire plant. Fully as free flowering as the other roses of this type and, to our notion, the most attractive color of all. Entirely hardy. 15 cts. each postpaid.

White Dorothy Perkins.

WHITE DOROTHY PERKINS, a pure white sport from the well known Dorothy Perkins, which it exactly resembles in habit of growth, freedom of flowering and other desirable qualities. A most valuable addition to this type of roses. Is a splendid companion for the pink variety, as it flowers at the same time. Was awarded a gold medal by the National Rose Society of England, also given an award of merit at the Temple Show in London, England. 15c each postpaid.

White Cochet.

White Maman Cochet, identical with its parent Maman Cochet in everything except color, which is snow white, with sometimes a tinge of pale blush. It has the same freedom of bloom and same magnificent form of buds and flowers, and the same hardiness. Standing at the very head of all roses as the best white kind for open grown culture. Very vigorous and hardy nearly everywhere. 10 cts. each, three for 28 cts., postpaid.

Dear Madam:

Am glad to state that the flowers grown from your seeds were very beautiful.

Wishing you success in your new home,

I remain,
Mrs. C. Kanlen.

Dear Miss Lippincott:

The seeds I bought from you last year gave me great satisfaction. I got many pretty hquets of pansies, poppies and phlox.

Yours very truly,
Miss Evelina Hill,
Hamlet, Ore.

April 11, 1910, Sullivan, Wash.

What seeds I have used heretofore from your Garden, I have been more than pleased with, and look forward to these with pleasure.

Yours very truly,
Mrs. Geo. S. Henry.

Oshkosh, Wis., 1910.

Dear Miss Lippincott:

We were greatly pleased with the seeds we received from you last year. Our lettuce, though sowed later than the neighbors', was very much earlier. Our radishes and cucumbers were also the best.

The flowers came up early and my garden was a mass of bloom all summer. The "Royal Show" Pansies were especially fine.

We can always recommend your seeds. Wishing you the greatest success, I am

Sincerely yours,

Miss Esther B. Zimmermann.

25-CENT BARGAIN COLLECTION

15 Varieties of the Best and Most Popular FLOWER SEEDS.

ALYSSUM, Little Gem; ASTER, Finest Mixed; CALLIOPSIS, Mixed; COBCEA SCANDENS; DIANTHUS, or CHINESE PINK, Finest Mixed; HELICHRYSUM, Mixed; MIGNONETTE, Sweet; MARIGOLD, French Mixed; PANSY, Royal Show; PETUNIA HYBRIDA, Fine Mixed; PHLOX DRUMMONDII, Grandiflora Mixed; POPPY, the Shirley; SCHIZANTHUS, Butterfly Flower, Mixed; SWEET PEAS, Best Mixed; and VERBENA HYBRIDA, Fine Mixed.

THE ENTIRE COLLECTION ONE FULL-SIZE PACKAGE
EACH OF THE ABOVE 15
VARIETIES, MAILED TO
ANY ADDRESS FOR 25 CENTS. OR FIVE COLLECTIONS FOR \$1.00.

Why give 25 cents for a single plant that will bear only half a dozen flowers in a season, when the same 25 cents will buy this complete assortment of 15 easy growing annual varieties, sufficient to plant your garden? REMEMBER, I CANNOT MAKE A SINGLE CHANGE IN THIS COLLECTION, AND NO OTHER VARIETIES CAN BE SOLD AT THIS PRICE, NEITHER CAN IT BE SELECTED AS A PREMIUM.

A BARGAIN COLLECTION OF FLOWER SEEDS FOR TWELVE CENTS.

10 CHOICE ANNUALS (Everybody's Favorites), all new, fresh seeds, sure to grow and bloom this season. PANSY, 40 colors and markings; PHLOX, 20 colors; VERBENA, 6 colors; PINKS, 10 colors; PETUNIA, 10 colors; ASTERS, 12 colors; BALSAM, 8 colors; SWEET PEAS, 20 colors; MIGNONETTE, Sweet, and SWEET ALYSSUM.

FOR 12 CENTS and the name and address of two of your friends who grow flowers, I will send, post-paid, the complete collection, one packet each of the ten varieties (enough for an ordinary garden). This is a BONA FIDE offer; made to introduce my flower seeds to new customers, and which I guarantee will please you, or the amount paid refunded and the seeds given as a present.

WILD FLOWER GARDEN CHOICE MIXED SEEDS. A mixture of many varieties of beautiful, easy growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the LEADING VARIETIES or a much more extensive collection than their means will permit. In no other manner can so many seeds be obtained for such a SMALL COST. The mixture is especially prepared from choice, fresh seeds, the colors and varieties being carefully proportioned, and will be found superior to any mixture offered. They are very useful for sowing alongside the garden fence, and on untidy bare spots of ground and cannot fail to GIVE SATISFACTION. Packet, 300 seeds, 5 cents; ounce, 15 cents.
